

Visual FoxPro Project Analyzer Utility Provides Quick Way to Assess the Complexity & Cost of a FoxPro Conversion Project

Free utility provides project analysis of Visual FoxPro projects to guide developers and managers considering either an automated or manual migration project.

FREMONT, CA, USA, April 2, 2016 /EINPresswire.com/ -- Fremont, California - California based .com Solutions Inc. has released the Visual FoxPro Project Analyzer 1.0.2 Utility. This free utility provides project analysis of VFP projects to guide developers and managers considering either an automated or manual migration project.

When considering an automated Visual FoxPro conversion/migration project, it can be very helpful to understand the size and complexity of the project you are about to undertake. This is the question which the [VFP Analyzer Utility](#) answers.

The VFP Analyzer is available for immediate download from the FmPro Migrator website. There is no need to wait for a person to manually send you a download link. Click the Free Trial button, and receive your software immediately - 24 hours per day - completely automated.

For more info about the Visual FoxPro Project Analyzer Utility and the automated conversion features available within FmPro Migrator Platinum Edition, please see:
