AUSTIN, TEXAS, UNITED STATES, April 4, 2016 /EINPresswire.com/ -- Premier Locksmith Austin is a full service locksmith and home security operation. The company has grown rapidly in recent years as Austin's population continues to explode. The company offers service by skilled & experienced technicians in addition to a 20% discount on locks for new Austin homeowners

"Austin is growing like crazy. There are new residents here everyday. We wanna be there to make sure their homes are safe and secure"

Yair Frenkel

"Austin is growing like crazy. There are new residents here everyday. We wanna be there to make sure their homes are safe and secure", says Yair Frenkel, owner of Premier Locksmith Austin. "Austin is a very safe community but nothing can replace the piece of mind our customers have after we've examined and fortified their homes. Moving is

stressful enough; I tell customers to let us take care of the locks while they can worry about the new furniture."

Frenkel focuses on providing necessary recommendations to ensure a homeowner's safety. Highly regarded security products from companies such as Medeco and Schlage are the only choice of Premier Locksmith Austin professionals. "We'll only use the best products and the best locks. We won't install locks into a customers home that we wouldn't use in our own homes. It's really that simple." says Frenkel.

Recommendations are customized to such common scenarios as:

Doors with panel glass or windows: deadbolts with keyed entry from both sides provide an extra measure of safety.

Kicked-in doors: security strike plates offer protection.

Sliding glass doors: securing the door with a bar or a rod in the track is a simple yet extremely effective tactic to deter break-ins; also useful are track locks or insertion pin locks.
