

# Integrity Life Sciences Gel Support Brace Featured on Amazon™

TAMPA, FL, UNITED STATES, March 29, 2016 /EINPresswire.com/ -- The Seattle, Washington based e-commerce giant Amazon.com, INC, or simply Amazon™, has approved the Gel Support Brace as

a product feature on its website. Recent announcement by the two companies, Integrity Life Sciences and Axiom Worldwide expressed a desire to expand more into the e-commerce platforms and the results are beginning to materialize with the earlier announcement of ebay™.

The Integrity Gel Support Brace™ will have the primary presence. Certain products will still require physician approval prior to sale, but certain service related items relating to the DRX9000 True Non-Surgical Spinal Decompression Systems™ will slowly be offered. The company urges any potential buyer to contact the company prior to any purchases to ensure patient safety and that federal law is adhered to in any sale item. Amazon has separate retail websites for the USA and the UK, Ireland, France, Canada, Germany, Italy, Spain, Netherlands, Australia, Brazil, Japan, China, India and Mexico with growth expected to reach in Poland and Sweden in the coming months. Amazon™ recently surpassed Walmart™ as the most valuable retailer in the USA based on market capitalization.

Integrity Life Sciences delivers a multitude of orthotic treatment options to address one of the most costly systemic ailments in the world, chronic low back and neck pain. Our advanced solution begins with the Integrity Spinal Care System (ISCS)™ and its proprietary iELCiPS Technology™. The ISCS non-surgical spinal decompression modality systems are engineered to provide pain relief for compressive and degenerative conditions of the spine. Specifically, conditions that may be treated include: neck pain and back pain associated with herniated discs, protruding discs, degenerative disc disease, posterior facet syndrome, and sciatica. It achieves these effects through decompression of intervertebral discs, that is, unloading due to distraction and positioning.

As a compliment to the ISCS, Integrity offers the very effective Integrity Gel Support Brace™. Our advanced lumbar support brace is a fitting compliment to non-surgical spinal decompression therapy and was designed as an adjunct therapy for those suffering from back pain due to disc related conditions. The Integrity Gel Support Brace may be used with or without Integrity's non-surgical spinal decompression systems and is an excellent treatment option for the patient to use at home.

In addition, Integrity Life Sciences has been exclusively granted the use of all of the technology, products, US Patent and Trademark Office's assignments, logos and other forms of intellectual property that were created by Axiom Worldwide, INC under the leadership of Jim Gibson from Tampa, Florida. The agreement specifically includes the flagship product DRX9000™, its family of products, and all of its derivatives such as the DRX9000C. Integrity offers support for these products, which includes: sales, maintenance services, and repairs. Only Integrity Life Sciences is Registered with the US FDA as a Factory Authorized - Contract Manufacturer - for Axiom Worldwide and the DRX9000 True Non-Surgical Spinal Decompression Systems™

James Gibson, President of Integrity Life Sciences states "Our partners, in over 50 countries and territories, have the unique opportunity to present a cutting edge medical device, utilizing a clinically validated protocol that restores a patient's quality of life non-surgically and without pharmaceutical or invasive intervention". With a body of published clinical research from around the world will support and strengthen your sales presentation; members of our medical advisory board herald from prestigious institutions such as Johns-Hopkins and The Mayo Clinic just to name a few. In addition, partners will have confidence in a quality product that adheres to the stringent standards mandated by FDA, CE, and ISO. Sales, marketing, and technical training is offered in prestigious locations in Europe, Asia, the Middle East and throughout the United States.
