

HelioPower is Nominated for the Signature Business Award from the 4th Annual Signature Awards Presentations

HelioPower is nominated for the Signature Business Award from the 4th ASAP Awards hosted by the Economic Development Corporation of Southwest California.

MURRIETA, CA - CALIFORNIA, UNITED STATES, April 15, 2016 /EINPresswire.com/ -- HelioPower, an integrated energy solutions company, is recognized and nominated for the Signature Business Award for the 4th Annual Signature Awards Presentations (ASAP), hosted by the Economic Development Corporation (EDC) of Southwest California. The ASAP award is an event, attributed to outstanding companies in the region. Local consumers and business colleagues have the opportunity to nominate companies within the following categories: Signature Business, Emerging Business, Economic Partner, Most Notable Investment and Development, Outstanding Business and Innovative Business.

The Signature Business category is for companies who show the extent of the economic impact on the region, such as, an increase in the overall tax base, the creation/maintenance of jobs or the relevance to the economic sustainability of the region and strategic relationships fostered in the region.

“It is an honor and a privilege to be recognized as an esteemed member of the local small business community. We gladly accept the nomination for the Signature Business Award and look forward to growing our relationship with the Economic Development Corporation of Southwest California.” said Phil DelNegro, Vice President of Sales and Marketing.

The EDC is an umbrella organization that pulls together and coordinates the region's many and diverse interests, organizations, and constituents to ensure integral participation of the private sector in economic development. They are committed to provide a clear and united voice of the EDC's economic development efforts.

HelioPower is honored to receive this top award, because it shows the growth and impact they have made in the industry. HelioPower will continue to be committed to helping their customers reduce their cost of energy by providing a highly customized array of services and products.

About HelioPower:

HelioPower is an integrated energy solutions company based in Murrieta, CA since 2001. The company helps their clients reduce energy costs and develop energy assets by leveraging renewable energy production, demand side management and return on investment strategies for clients in the U.S and abroad. HelioPower employs a diversified approach to providing renewable energy technologies and load reduction expertise. HelioPower is committed to helping their clients understand their unique energy challenges as well as delivering a highly customized array of service and products to address any energy objective.

Founded in 1991, The EDC is a private/public partnership that promotes Southwest California regional economic development through business retention and development, job opportunities, and related economic growth. The EDC is dedicated to expanding the competitive position of the regional businesses in a global economy.
