

LovelsARose.com Stopping Time and Keeping Real Roses Alive Forever Just in Time for Mother's Day

New Gift for 2016, the Mother's Day Personalized Gold Rose

WARRENVILLE, ILLINOIS, USA, April 13, 2016 /EINPresswire.com/ -- LovelsARose.com pays tribute to moms everywhere with the new ["To the Best Mom in the World" gold rose](#). A personalized Heart Charm adorns the eleven-inch high, real preserved rose trimmed in 24kt gold, platinum, or silver. This new rose joins the field of gold flowers available at the Chicago area company.

The roses, lilies, and orchids available at www.LovelsARose.com have been hand picked, carefully selected and preserved at the peak of their beauty then trimmed or dipped in 24kt gold, silver, platinum, or copper. The material used to preserve them is delicately applied, creating a flower that will last a lifetime.

"There are a lot of people who probably

wish all the flowers they had given their mom were still alive – so she could see them and be reminded of how much they care. And there are just as many moms who wish they could stop their roses from wilting and being forgotten," relates Sid Fey, CEO of Sid Fey Designs, home of LovelsARose.com. "These men and women needn't wish any longer, they should just log on," states Fey.

LovelsARose.com is the only company in the world that is able to imprint a [custom, personalized message onto the rose flower petals](#). The roses, which come in an array of colors, are available with crystal vases, or set in museum cases and shadow boxes with personalized message engravings. Custom messages can be engraved onto the removable Heart Charms that hang from the bud of the flowers or onto an engraving plate which then adorns the museum display cases or cherish boxes.

LovelsARose.com is also home to [Birthstone & Engraved Family Trees](#). Family names and birth dates are etched in brass or pewter, or displayed around three-dimensional, artfully created wrought iron trees. Vibrant birthstones then become the treasures decorating the branches. The family trees

“Love is one of the most influential emotions we feel on a day to day basis. Feeling it makes us feel wanted, needed, and appreciated. A personalized, preserved rose or family tree gift gives you the chance to show your forever love and your admiration through symbolism and your own words. It's a gift that will find a place in their heart to stay,” concluded Fey.
