

# Celoxis Project Management Software among the Fastest Growing Asian Companies

*The Silicon Review puts Celoxis among the fastest growing companies in Asia for its explosive double-digit year-on-year growth and significant customer wins.*

PUNE, MAHARASHTRA, INDIA, April 22, 2016 /EINPresswire.com/ -- The drive to be more successful is a quality that's shared by most companies in a very competitive business world. Using the right set of software tools can give a huge boost in this area. And project management is one of them. Since 2001, Celoxis has been a leader in the project management software space. Recently, the company announced being recognized as one of the fastest growing Asian companies by The Silicon Review, a popular online and print community for business & technology professionals.

"Celoxis has been among the first movers in several areas of the business and has proved itself successful," said

the editorial team of The Silicon Review Magazine. "The company's Celoxis product provides a world-class and affordable project management platform to medium and large-scale organizations. Celoxis is an 'all-in-one' platform for today's business and project activities. It is a robust, scalable and fast system ideal for businesses that seek to effectively manage projects and resources, standardize and automate processes and improve visibility and accountability among various stakeholders."

“

As a company that 'Makes in India', we are proud to 'reverse outsource' work to other countries.

*Ravindra Wankar, Co-Founder*

The Silicon Review's 30 Fastest Growing Companies in Asia identifies the most dynamic Asian companies that have made breakthrough contributions to business and technology. The criteria include companies' revenue growth over a prescribed period, their market share, new logos acquired and innovations in the business space.

The Silicon Review is the world's most trusted online and print community for business & technology professionals. Their community members include thought-provoking CEOs, CIOs, CTOs, IT VPs, and managers, along with zillions of diverse IT professionals. The Silicon Review acts as an excellent medium, allowing top level executives to share their contemporary thoughts and ideas.

Celoxis is a web based project management platform. Over 2000 of the most respected brands in the world happily use the platform, including Rolex, HBO, Bombardier, The Cheesecake Factory, University of Washington, The Supreme Court of Ohio, KPMG and Bank Mandiri, the largest Indonesian bank. The list is constantly being added to as well.
