

# www.Tributes.us - A new online memorial and obituaries service launched in USA

*The USA Online Network launches www.Tributes.us - an exclusive memorial and obituaries service for the US*

WILMINGTON, DELAWARE, US, May 2, 2016  
/EINPresswire.com/ -- USA Online® Network today

announced the launch of its online Obituaries and Tributes service through its site [www.Tributes.us](http://www.Tributes.us)

[www.Tributes.us](http://www.Tributes.us) has been launched as a dedicated service for the US market. The site provides many unique features for posting about life history, memories, events, images, videos, family tree, music and condolence messages etc. Users can also post the current obituary notices also on this site. The site also provides the features of notifying or inviting friends or contacts through social media and email etc.

The site provides both free and nominally priced versions and hence can now be used by almost everyone who needs to post an Obituary or create a Tribute for their near and dear ones. The tribute pages created once, shall remain live for ever.

[www.Tributes.us](http://www.Tributes.us) acts as a supplementing channel for USA Online Network- a nationwide network of nearly 800 state and city sites and another nearly 18000 small town/village sub-sites covering each state, City, town and village of the USA. Every Obituary or the Tribute posted by the users shall now have the unmatched feature of getting excellent visibility on the local site of the user besides the respective state and the national site [www.USAonline.us](http://www.USAonline.us).

Tributes.us is a place to celebrate the life of your Loved ones, show your respect, share the lifetime of memories and create a legacy that will be a treasure for generations to come said Rahul Jalan, Co-founder & Project Manager of USA Online Network. The Obituaries and Tributes ads market has largely remained dominated by the conventional newspaper advertising as the users want to have visibility for the ads in their own city or town as a prime requirement he stated. [www.Tributes.us](http://www.Tributes.us) shall prove to be a highly useful and cost effective service for the user he added further.

## About USA Online Network
