

EnergyBoardroom Releases New Indonesia "Inside Oil & Gas" Report 2016

EnergyBoardroom releases the new report on the Oil & Gas sector in Indonesia

LONDON, UNITED KINGDOM, May 4, 2016
/EINPresswire.com/ -- EnergyBoardroom releases the new [report](#) on the Oil & Gas sector in [Indonesia!](#)

Companies, investors or other stakeholders interested in the future of energy should read how this slumbering South East Asian giant is finally poised to fulfill its hydrocarbon potential.

The report is an authoritative and up-to-date assessment of the major sector in this strategically important oil and gas producing country. It covers:

New President, New Beginnings

Will President Widodo's business-friendly reforms allow Indonesia to finally realize its huge potential?

Growth Hotspots

The report covers the huge optimism around Indonesian mini-LNG, deep water, shale reserves and CBM.

Striving for a Comeback

“

The need of international expansion is substantial and is consequently resulting in an aggressive, non-organic expansion strategy overseas.

Dr. Syamsu Alam, Pertamina

Our 16 page cover story contains crucial insights on Indonesian oil and gas and paints a picture of a country on the verge of something special.

Stakeholder Interviews

We talked to Pertamina, Migas, Ophir, Lion Energy, ENGUE, PT Schenker Petrolog Utama, Puma, ExxonMobil and many more in the public and private sectors to build a

comprehensive picture of the current state of play in Indonesia.

Feature Articles

In-depth, exclusive articles tackle big issues such as the Trans-Pacific Partnership, infrastructure investment, and logistics.

[EnergyBoardroom's Indonesia Oil&Gas Report](#) features in-depth interviews with:

Dwi Soetjipto, Pertamina
Syamsu Alam, Pertamina
Rachmad Hardadi, Pertamina
Wiratmaja Puja, Migas
Craig Stewart, Ophir
Kim Morrison, Lion Energy
Johan de Saeger, ENGIE
Asok Kumar, PT Schenker Petrolog Utama
Eric Herman, Puma

Quotes

“I estimate that a total Investment of USD 100 billion in infrastructure development will be needed to accommodate our 2025 goals”

Dwi Soetjipto, Pertamina

“The need of international expansion is substantial and is consequently resulting in an aggressive, non-organic expansion strategy overseas”

Dr. Syamsu Alam, Pertamina

“Our ambition is to enhance our refining capabilities in order to supply domestic consumption ourselves, with the ultimate goal to not be reliant on imports anymore”

Rachmad Hardadi, Pertamina

“Refinery building is also emblematic of this new spirit of treating hydrocarbons not as a trade commodity, but as a generator of cluster growth”

Dr. Wiratmaja Puja, Migas
