

Universal Design Specialists Now Offering Monthly Specials on Automatic Door Opener Packages

Universal Design Specialists announced they are offering additional discounts with a coupon code off their already slashed prices on automatic door openers.

SONOMA, CA, USA, May 5, 2016 /EINPresswire.com/ -- Universal Design Specialists announced that for the month of May they are offering additional discounts by way of a coupon code off their already slashed prices on automatic door openers. This is the first time that the company is offering this special which they plan to extend to some of their other products such as their handicap tubs and walk in showers. Each special will only run for one month. Customers will benefit from the additional discount by utilizing a coupon code applied at checkout which will automatically discount the final price per the sale offering. The coupon code is published on their site at www.universaldesignspecialists.com.

For the month of May the special applies to their model 4300 [handicap door opener](#) packages which are ADA compliant when correctly installed. These [ADA door opener](#) packages include a combination of their most popular openers and accessories and provide everything necessary for a complete swing door opener system.

The Power Access model 4300 [automatic door opener](#) has been manufactured in the US since the mid 80's and is considered the work horse of their line. A few drops of oil and some grease once each year is typically all the maintenance necessary for years of reliable performance. It's available as a jamb mount and door mount opener with interior and weather proof wireless or wired push buttons. These handicap door openers are also available with an electric strike lock, a coded keypad and hand held remote controls. A fully adjustable high quality, weather proof door closer rated to minus 30 degrees Fahrenheit is available for areas of the country that experience extreme winter conditions.
