*Webinar Date: Tuesday, 17th May, 2016*  
11am (EST) | 4pm (UK) | 5pm (CET)

RUGBY, WARWICKSHIRE, ENGLAND, May 17, 2016 /EINPresswire.com/ -- Webinar  
Date: Tuesday, 17th May, 2016  
11am (EST) | 4pm (UK) | 5pm (CET)

[Register Here: http://bit.ly/26X1o8X](http://bit.ly/26X1o8X)

This Webinar will give Retailers and Direct Selling Organisations a clearer understanding of how to forecast, and minimize the budgetary impact of EPR compliance on your sustainability goals and address questions such as,

Introduction to:

Extended Producer Responsibility Directives: Packaging and Packaging Waste; Waste Electrical and Electronic Equipment; Waste Batteries

Other EPR legislation

Enforcement: What are the risks of non-compliance

Circular Economy and how this relates to producers

Retailer sustainable initiatives

Rewards for sustainable initiatives

Leveraging business intelligence to show the impact of EPR

As an appreciation of your taking the time to attend this important webinar. Lorax will provide a complimentary copy of our White Paper – Consumerism and the Circular Economy

About Lorax Compliance

Lorax Compliance is a leading provider of global product environmental compliance solutions comprising industry-leading software, data collection services and practical down-to-earth consulting.

By offering our customers turnkey compliance solutions, our mission is to automate the regulatory compliance systems and business processes of our customers by providing the best software tools

and the most robust data assisting our customers to reduce risk and meet growing worldwide environmental compliance requirements.

Lorax Compliance delivers Cloud-based Environmental Compliance Services to companies who must comply with local, national and global environmental regulations including: Global RoHS, EU REACH, Conflict Minerals and the worldwide waste directives on Packaging, WEEE and Batteries.

#### Protecting the Environment through Product Stewardship

Lorax Compliance is a technology based company with a customer service oriented culture. We work with companies that share our belief in working to protect the planet's finite resources by minimizing the impacts from product manufacture and use to humans and the environment.

To assist customers to achieve their regulatory and environmental goals, Lorax offers a comprehensive suite of software and services that help major international companies manage their environmental footprint. We also believe firmly in our ability to support internal change.

Lorax Compliance works closely with the Woodland Trust and plants a tree for every new customer.
