

Disaster Planning and Emergency Preparedness Training Available

Equi-Health Canada is pleased to offer Disaster Planning & Emergency Preparedness to all horse owners, with 100% of all proceeds being donated to Ft. McMurray.

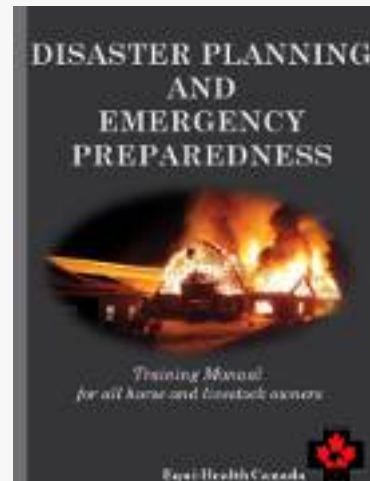

CALGARY, ALBERTA, CANADA, May 10, 2016 /EINPresswire.com/ -- Equi-Health Canada is the leader in [Disaster Planning and Emergency Preparedness](#) training.

Courses are geared for any horse or livestock operation, and are 100% hands on learning in a scenario-based training day covering:

Planning for success
Designating Evacuation Sites
Transportation Routes
72 Hour Plan
Horse and Livestock Behavior
Barn, Grass and Forest Fires
- causes, fire behavior, types of extinguishers, evacuation procedures, what to expect, being prepared
Barn and Shelter Collapse
Flooding
Extreme Weather and Weather Disasters
- earthquake, tornado, hurricane, blizzard, hail, freezing rain, avalanche, landslide, extreme heat
Utility Outages - causes, being prepared
Equipment - supply list for first aid and preparedness

This training is being offered across Canada, and for the months of May and June, Equi-Health Canada will be donating back 100% of the course proceeds to support horse owners impacted by the Ft. McMurray wild fires.

Equi-Health Canada recommends that all livestock owners educate themselves in

'Disaster Planning and Emergency Preparedness Manual'

Horses and animals are impacted by all forms of disaster

emergency preparedness.
