

Online Food Supplier Agro Food Group Offers New Products

Agro Food Group, an online food supplier based in Turkey, recently added new products to its website. The new products include frozen chicken

ST HELENA, CA, USA, May 16, 2016 /EINPresswire.com/ -- On April 23, 2016, online food supplier Agro Food Group added new products to its website. In addition to its previously offered products, the company now has frozen chicken, sunflower oil, sugar, and wood pellets for purchase.

<http://agrofoodsgroups.com/>

Agro Food Group now sells whole frozen chickens, as well as boneless whole chicken of Grade-A quality. The chicken is hygienically processed in a clear and germ free area, and all hens and roosters are fed properly to reduce the risk of disease. The company also offers frozen chicken feet and chicken paws. Both the chicken feet and paws are defeathered and cleaned, with minimal black spots. The major products of Agro Food Group are sunflower oil, canola oil, jatropha oil, palm oil, rapeseed oil, corn oil, soybean oil, same seed oil, grandnut oil, and coconut oil. The newest addition to this list is crude sunflower oil, free of any rancid smell or taste. This crude sunflower oil is clear – there is no foreign matter, foreign oil, or animal fat, making it fit for human consumption.

Agro Food Group also adds refined sugar to its line of products with the following specifications:

Type: Icumsa 45 sugar

Color: Sparkling crystal white

Crop: Latest

Granulation: Fine

Consumption: Fit for human consumption

Polarization: 99.8% minimum

Moisture: 0.04% maximum

Solubility: 100% dry and free flowing

Suphateash Content: 0.04% maximum

Radiation: Normal without presence of cesium or iodine certified

Sediment: None

Smell: Free of any odor

Reducing Sugar: 0.05% maximum by weight

Fumigation: Well cleaned from molds, unnatural odors, chemicals, and insects

Agro Food Group also offers several energy products, the newest of which are wood pellets. This is the fuel used in most pellet stoves. Agro Food Group's wood pellets contain less than 1.5% ash and have a low dust content, even upon delivery. The pellets are made from pure wood, no bark, and are a bright, uniform surface color.
