

Project/Construction Management Services and Engineering Support International Companies Announce Strategic Alliance

PacificTech Solutions, Inc. an Architect & Engineering Consulting Company, Manila, Philippines announces the formation of a Strategic Alliance

SAN JUAN CITY, MANILA, PHILIPPINES, May 18, 2016 /EINPresswire.com/ -- [The Melvin Group, LLC](#), a Miami, Florida (USA) based International Project Controls, Project Management and Construction Management Services consulting company has aligned with [PacificTech Solutions, Inc.](#), an International Engineering and Architectural Services firm based in Manila, Philippines to form a Strategic Alliance.

The Alliance will enable the two companies to have a long term relationship to provide engineering and architectural support services across a wide variety of industries in the US. In addition, the Alliance plans to offer its other core capabilities including project management, project controls and construction management services to meet specific client requirements.

At the same time, the Alliance will create a high end, cost-effective service delivered with a quick turnaround. This Alliance will provide resources and capabilities to provide best in class services through a combination of International and Filipino talent to create value on every project and assignment.

“We’re extremely fortunate to be aligned with another International Company, PacificTech Solutions, to serve a wide variety of various industries,” said Braxton Melvin, CEO of The Melvin Group, LLC. “This Strategic Alliance is part of our Vision and Goals to expand with a well-trusted company that shares our Values in today’s competitive global environment.”

“PacificTech Solutions is constantly expanding its market reach and we are excited to tap into the US Market. Our Alliance with The Melvin Group, LLC will help us to achieve this objective,” said John Stasig Moerk, CEO of PacificTech Solutions.

“To date, we have provided engineering support (outsourcing) and consulting services to 26 countries. These services mainly include drawing preparation by use of engineering software including AutoCAD, AutoCAD Civil 3D and Revit. The US is a tough market to break into but this

Strategic Alliance will kick our efforts into high gear and create lasting relationships and opportunities for us.”
