BROOKLYN, NEW YORK, UNITED STATES, May 17, 2016 /EINPresswire.com/ -- Get real with [Thermador](#). As recently as 2009, Thermador was honored with seven Good Design™ awards. The world renowned and prestigious award for product design excellence is sponsored in cooperation from the Chicago Athenaeum Museum and The European Design Center for Architecture Art Design and Urban Studies. The seven awards were given to their High Performance Dishwasher, Mirror Induction Cooktop, Pro Harmony Range, Masterpiece Built in Oven (awarded twice from 2006-2008), Framed and Pre-Assembled Modular Refrigeration Collection and Masterpiece Series Easy Lift Hood. The awards not only recognized Thermador's quality but it also signifies that Thermador brand provides excellence for a complete kitchen.

Thermador celebrates their centennial in 2016 as one of the foremost inventive companies manufacturing many of the best home kitchen [appliances](#). Within a century long operational venture, Thermador generated a lot of firsts for home appliances. Starting with 1947, the first wall oven and cooktop was invented by Thermador. That same year stainless steel was introduced for home appliances as well. 1948 saw the introduction of the first "Pro Range" and throughout the years, the list goes on with notable firsts, ranging from but are not limited to, warming drawers, speed cooking ovens, sealed gas burners and pop down ventilation systems.

Appliances Connection readily offers Thermador brand Professional series ranges with great rebate deals. These premium quality ranges are inspired and designed with commercial-grade caliber intended for the home kitchen. They pride themselves with an ever-present mindset in offering home kitchen appliances with innovation, performance and design. Having these three tenets at the forefront establishes the goal for Thermador brand appliances' benchmarks. Whether it's a refrigerator, dishwasher or range, Thermador offers an effective and complete premium options for home kitchen appliances.

Stay on top with real innovation for real cooks with Thermador brand ranges with exclusive patented technology and features such as:

Star Burner® & QuickClean Base ®: Thermador's exclusive and patented burner design offers more flame coverage and decreases cold spot formations. In addition, their quick clean base allows for convenient and easy cleanup.

ExtraLow: Increased BTU does not necessarily mean the incapacity to provide for low output simmers when needed. These Thermador exclusive burners are capable of maintaining a steady simmer as low as 100° for sauces or other slow cooking recipes.
