

# CHANGING THE “FACE” OF BUSINESS

MONTCLAIR, NEW JERSEY, UNITED STATES, May 20, 2016

/EINPresswire.com/ -- The [Plastic Surgery Group](#) based in Montclair, New Jersey is changing the face of business. They now accept Bitcoin as a method of payment for all surgical and non-surgical services. The Plastic Surgery Group

works to be ahead of the curve in implementing the latest technologies into their practice.

Seeing the value of the growing digital currency, Dr. Allen Rosen, the Groups founding partner and Medical director, knew that accepting Bitcoin as payment was the next logical technology to implement into the practice. [Dr. Rosen](#) says, “This secure means of transaction will transform the way individuals and businesses operate while facilitating payment options that meet the needs of our clientele. Since our group has always been on the cutting edge of new techniques and technologies, it is a natural evolution that we accept new forms of payment as part of our business model. Bitcoin provides so many benefits to our group and we hope that we can attract a community of Bitcoin users in exchange for the services we render”.

Rosen, AKA “Doc”, as he is affectionately known by his friends, is a revered plastic surgeon in the Tri State New York Metro area, having been recognized by New York Magazine and New Jersey Monthly Magazine for the past decade. Castle Connolly Medical LTD has also consistently named him each year as one of the country’s leading plastic surgeons.

Dr. Ablaza who is partner and corporate Vice-president of the Plastic Surgery Group and past president of the New Jersey Society of Plastic Surgeons stated that “We are excited to expand our reach to patients who want both plastic surgery and pay with Bitcoin”. The Group has three offices; two located in New Jersey, with its central office in Montclair, and one New York City at 30 Central Park South. Bitcoin will be accepted at all three locations.

The Plastic Surgery Group, has a 25-year history of providing a comprehensive approach to plastic and reconstructive surgery. With both in-house cosmetic surgical and non surgical services they utilize their on-site state of the Art Center JCAHO certified Operating Suite for procedures.

Further questions for Dr. Rosen and the administrators at the Plastic Surgery Group can be directed to [jrussell@psg1.com](mailto:jrussell@psg1.com) or by calling the main number at (973) 233-1933.
