

NEW ECOMMERCE COMPANY IS REDEFINING THE BUSINESS

Making online furniture and décor buying cohesive

NEW YORK, NY, USA, May 24, 2016 /EINPresswire.com/ -- Memoky was born out of an existential commitment to art & design. It was created by a team of artists in the heart of Manhattan in the summer of 2015. It is committed to a single goal, to make smart design accessible and affordable. It inherits its service-oriented disposition from its parent company, Sit Down New York Inc., a well-respected retailer of décor and luxury since 1992.

Memoky's design experts locate the best in affordable high-end furnishings, décor, and art. Their design professionals identify the best in popular styles, including repurposed industrial objects, mid-century reproduction pieces, avant-garde modern concepts, and styles for bohemian living. Their team of world travelers are experienced in working with manufacturers that use smart processes sourcing sustainable materials. Memoky offers quality, transparency, insight, and service for popular home furnishings and décor.

In a marketplace that over-emphasizes owning key furnishings, Memoky is a fresh experience of smart design. It helps decorators create a harmonious blend of décor and objects that deliver a positive impact on lifestyle and day-to-day living. Their team strives to balance luxurious offerings with affordability, making design accessible to a broad spectrum of

consumers, from life-long collectors to new-to-the-market Millennials. The key to this approach is curated collections that feature a blend of objects, allowing consumers to calibrate their individual spaces. To achieve this goal, Memoky prides itself on a smaller-scale operation with more one-on-one personal contact with its consumer base.

Memoky is the perfect web-based platform for hip consumers to intertwine innovative design into their everyday lives. Memoky curates collections that take the guesswork out of interior design, immersing consumers in a world of beautiful objects and harmonious home décor. Each subsequent collection provides new and exciting options for collectors and new customers alike.
