Cozy Rose started life in 2011 when as a stay at home mom and part time home schooler Lisa Martin would often find herself looking for the perfect party décor, supplies, or favors to give that special touch. More often than not she often came away from these searches frustrated and tired by the cheaply made and ugly party favors and gifts she found.

It was not to long before Lisa found the magic of sculpted soaps. Not only could they be beautiful and shaped into so many things from sleeping babies to flowers and birds, but they were also practical

useful gifts. Once created she combined them with her eye for detail with beautiful packaging and personalization into party favors that everyone wanted. Soon enough neighbors, friends, and family were looking for a way to purchase some of Lisa's exquisite handmade soaps.

Once word got out of the fun favors Lisa was creating other people wanted to make their parties and events special with unique party favors that no one else had. Now she is ready to launch her brand new website and her first collection of beautiful soaps and favors on June 1, 2016 that will have all your guests oohing and ahing. She has created favors from small children's parties to large bridal gifts that celebrated the couple's big day. Now she wants to help all of you to create those special memories that she has created with her own friends and family.

The launch of this collection is something that Lisa is so excited about and she cannot wait to share it with others who love to throw a fabulous party. As she brings together the love of delicate soaps with the unforgettable bubbly memories all your guests are sure to have, Lisa is ready to make your next occasion one that is never forgotten.
