

Safe-T-Ter-Tots Child Safety Locks Are Being Used To Help Alzheimer's Caregivers

Customers Have Commented That Safe-T-Ter-Tots Child Safety Locks Have Helped Keep Their Loved Ones With Alzheimer's Safe

NEW YORK, NEW YORK, USA, May 25, 2016 /EINPresswire.com/ -- [Safe-T-Ter-Tots Child Safety Locks](#) were designed to ensure the safety of young children and infants and positive reviews continue to be written about the achievement of that goal. Because of the simple design of these safety locks, adults have easy access to cabinets and drawers while children can't figure out how to unlock the locks. So, while a child is trying to figure out how to open the safety lock, those few seconds allow an adult to get to the child and take control.

In addition to being great deterrents to stop children from accessing drawers and cabinets, Safe-T-Ter-Tots Child

Safety Locks have been proven to be reliable deterrents for people who have Alzheimer's.

Here is a comment from a customer who bought our Safe-T-Ter-Tots Child Safety Locks. "Bought these for a lady with Alzheimer's and it does the job! Much relief and help in keeping things under control! Just what we needed!"

Another satisfied customer wrote: "I purchased these because my mother in law has Alzheimer's and I do not like her to get into the cabinets in the kitchen...so this helps to keep her out of the cabinets...it makes her think twice about opening the cabinets."

So who's depending on you for their safety and wellbeing? Is it a baby or a child? Is it an older person who has Alzheimer's? It doesn't matter who it is as long as you take responsibility for their safety. Take the necessary steps to keep them safe from harm and begin by installing child safety locks on your drawers and cabinets in the kitchen and bathroom.
