

Global Commercial Aircraft Flight Control Systems Market 2016 Share, Trend, Segmentation and Forecast to 2020

Wiseguyreports.com adds "Commercial Aircraft Flight Control Systems Market to Grow at a 5.7% CAGR Forecast to 2020".

PUNE, INDIA, May 27, 2016 /EINPresswire.com/ -- About the [Commercial Aircraft Flight Control Systems](#) (FCS) Market

Flight control systems (FCS) consist of primary and secondary systems. Ailerons, elevators, and rudder constitute the primary FCS and are required to control an aircraft for safe flight. On the other hand, wing flaps, spoilers, leading edge devices, and trim systems constitute the secondary FCS. Secondary FCS enhance the performance attributes of the aircraft airplane and offer relief to the pilot from excessive control forces.

Technavio's analysts forecast the global commercial aircraft FCS market to grow at a CAGR of 5.7% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global commercial aircraft FCS market for 2016-2020.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Commercial Aircraft Flight Control Systems (FCS) Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- BAE Systems
- Honeywell International
- MOOG
- Rockwell Collins
- Sagem
- UTC Aerospace Systems

Request a sample report @ <https://www.wiseguyreports.com/sample-request/global-commercial-aircraft-flight-control-systems-market-2016-2020> □

Other prominent vendors

- Liebherr-Aerospace
- Nabtesco
- Parker Aerospace
- West Star Aviation

Market driver

- Increasing use of thrust management systems
- For a full, detailed list, view our report

Market challenge

- Electromechanical actuator issues
- For a full, detailed list, view our report

Market trend

- Introduction of fly-by-wire system
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of content

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview
- Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Global aerospace and defense supply chain system

PART 07: Global aerospace and defense value chain system

PART 08: Market segmentation by type

- Global commercial aircraft FCS market by type
- Global commercial aircraft hydro-mechanical FCS market
- Global commercial aircraft fly-by-wire FCS market
- Global commercial aircraft mechanical FCS market

PART 09: Geographical segmentation

- Global commercial aircraft FCS market by geography
- Commercial aircraft FCS market in Americas
- Commercial aircraft FCS market in EMEA
- Commercial aircraft FCS market in APAC

PART 10: Market drivers

- Growing demand for aircraft
- Increasing use of thrust management systems
- Rising developments in FCS

PART 11: Impact of drivers

PART 12: Market challenges

- Electromechanical actuators (EMAs) issues
- Stringent regulatory norms
- High cost associated with the introduction of new technology

PART 13: Impact of drivers and challenges

PART 14: Market trends

- Introduction of fly-by-wire aircraft

- Increased adaptation of advanced actuator
- Shift toward next-generation FCS

PART 15: Vendor landscape

- Competitive scenario
- BAE Systems
- Honeywell International
- MOOG
- Rockwell Collins
- Sagem
- UTC Aerospace Systems
- Other prominent vendors

PART 16: Appendix

- List of abbreviation
