

Global HVAC Valves Market 2016 Share, Trend, Segmentation and Forecast to 2020

Wiseguyreports.com add report on “Global HVAC Valves Market 2016-2020” to its research database.

PUNE, INDIA, May 27, 2016 /EINPresswire.com/
-- About the Heating, Ventilation, and Air Conditioning (HVAC) Valves Market

Valves are devices that regulate, direct, or control the flow of fluids (gases, liquids) by opening, closing, or partially opening various pathways. The three most commonly used types of valves in HVAC systems are:

- Ball Valve
- Globe Valve
- Butterfly Valve

Valves play a significant role in fluid distribution in HVAC system. They are mostly placed at the outlet on the top of the cooling/heating coils. They also act as a shut-off mechanism to enable servicing of the HVAC equipment. There are typically two types of valve arrangements, namely:

- Two-way valves circuit (for variable flow)
- Three-way valve circuit (for constant flow)

The analysts forecast the global HVAC valve market to grow at a CAGR of 5.64% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global HVAC valve market for 2016-2020.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Heating, Ventilation, and Air Conditioning (HVAC) Valves Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The

report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Request a sample report @ <https://www.wiseguyreports.com/sample-request/global-hvac-valves-market-2016-2020>

Key vendors

- Flowserve
- Honeywell
- Johnson Controls
- Pentair
- Schneider Electric

Other prominent vendors

- Mueller Industries
- Belimo
- Advance Valves
- Metrex Valve
- AVK Group

Market driver

- Increased spending on construction activities
- For a full, detailed list, view our report

Market challenge

- Instability in global economy
- For a full, detailed list, view our report

Market trend

- Increased adoption of building automation systems
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of content

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview
- Top-vendor offerings

PART 03: Market research methodology

- Research methodology

- Economic indicators

PART 04: Introduction

- Key market highlights
- Valves
- Application of valves
- Selection and sizing of valves

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by end-user

- Global [HVAC valves](#) market by end-users
- Commercial HVAC valves market by commercial sector
- Global HVAC valves market by residential sector
- Global HVAC valves market by industrial sector

PART 07: Market segmentation by type

- Global HVAC valves market by valve types
- Global HVAC valves market: Ball valves
- Global HVAC valves market: Globe valves
- Global HVAC valves market: Butterfly valves
- Global HVAC valves market: Other valves

PART 08: Market segmentation by geography

- Global HVAC valves market by geography
- HVAC valves market in APAC
- HVAC valves market in EMEA
- HVAC valves market in the Americas

PART 09: Market drivers

- Increased spending on construction activities
- Retrofitting and renovation of old buildings
- Rising disposable income and increased urbanization
- Growth of smart cities
- Increased adoption of advanced HVAC systems

PART 10: Impact of drivers

PART 11: Market challenges

- Instability in global economy
- Capital-intensive HVAC equipment industry
- Declining construction industry in Europe

PART 12: Impact of drivers and challenges

PART 13: Market trends

- Falling raw material prices
- Increased adoption of building automation systems
- Fragmented industry

PART 14: Vendor landscape

- Competitive scenario
- Key news
- Mergers and acquisitions
- Other prominent vendors

PART 15: Key vendor analysis

- Flowserve
- Honeywell
- Johnson Controls
- Pentair

- Schneider Electric

PART 16: Appendix
