Global Data Center Cooling Market in Southeast Asia 2016 Share, Trend, Segmentation and Forecast to 2020

Wiseguyreports.com add report on "Data Center Cooling Market in Southeast Asia 2016-2020" to its research database.

PUNE, INDIA, May 30, 2016 /EINPresswire.com/ -- About the Data Center Cooling Market in Southeast Asia

Cooling solutions help lower the heat generated by IT equipment housed in data centers. Many computer room air conditioning (CRAC) and computer room air handling (CRAH) units are operated in data centers, including air conditioners, chillers, cooling towers, economizers, humidifiers, and modern containment systems that furnish rack cooling. These cooling units use air and liquid cooling techniques. The cooling process accounts for 40% of the electricity consumed in data centers. Vendors are inventing and testing many cooling methods to reduce the operating expenditure (OPEX) associated with data centers.

Technavio's analysts forecast the data center cooling market in Southeast Asia to grow at a CAGR of 16.11% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the data center cooling market in Southeast Asia for 2016-2020. To calculate the market size, the report considers revenue generated from the investments made in new data centers and the renovation of existing ones.

The market is divided into the following segments, by country:

- Singapore
- Malaysia
- Thailand
- Indonesia
- Others

Technavio's report, Data Center Cooling Market in Southeast Asia 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors
- Black Box Network Services
- Eaton
- Emerson Network Power
- Geist
- Rittal
- Schneider Electric
- STULZ

Other prominent vendors
- 3M
- Alfa Laval
- Belden
- ClimateWorx
- Colt
- Daikin
- Data Aire
- ebm-papst
- Fuji Electric
- Huawei
- Munters
- Pentair
- Trane
- Tripp-Lite
- Wakefield-Vette (Coolcentric)

Market driver
- Increased demand for efficient cooling solutions
- For a full, detailed list, view our report

Market challenge
- Challenges related to adaptability

• For a full, detailed list, view our report

Market trend

• Construction of green data centers

• For a full, detailed list, view our report

Key questions answered in this report

• What will the market size be in 2020 and what will the growth rate be?

• What are the key market trends?

• What is driving this market?

• What are the challenges to market growth?

• Who are the key vendors in this market space?

• What are the market opportunities and threats faced by the key vendors?

• What are the strengths and weaknesses of the key vendors?

Make an enquiry before buying this Report @ https://www.wiseguyreports.com/enquiry/data-center-cooling-market-in-southeast-asia-2016-2020

PART 09: Market segmentation by liquid cooling technique
• Chilled water-based cooling
• Liquid immersion cooling
• Others
PART 10: Market segmentation by country
• Singapore
• Malaysia
• Thailand
• Indonesia
• Other Southeast Asian countries
PART 11: Market drivers
PART 12: Impact of drivers
PART 13: Market challenges
PART 14: Impact of drivers and challenges
PART 15: Market trends
PART 16: Vendor landscape
• Competitive scenario
• Black Box Network Services
• Eaton
• Emerson Network Power
• Geist
• Rittal
• Schneider Electric
• STULZ
• Other prominent vendors
PART 17: Appendix
• List of abbreviations
