

Advanced Vortex 850R Memjet Label Printer Models Now Available in Canada

DuraFast Label Company offers several advanced Memjet-powered color label printers in flexible configurations

TORONTO, ONTARIO, CANADA, May 30, 2016 /EINPresswire.com/ -- DuraFast Label Company is now selling the [Vortex 850R Memjet label printer](#) in several configurations, making it possible for businesses to select one of the most advanced Memjet color [label printers](#) configured to best meet their needs.

According to DuraFast Label Company, the base Vortex 850R [Memjet label printer](#) is a powerful, capable color label printer. It has a 1600 dpi print resolution and prints at a speed of 60 feet per minute. It prints up to 8.5-inch wide labels and has a built-in touchscreen computer. The Vortex 850R Memjet label printer prints fan-fold sheets by default. Each of the Vortex 850R Memjet label printer configurations offered by DuraFast Label Company includes an unwinder for printing from label rolls. The Vortex 850R Memjet label printer can be equipped with an optional rewinder for printing roll-to-roll.

"The basic Vortex 850R Memjet label printer is amazing out of the box. But as your needs change or if you order one of the upgraded kits," a DuraFast Label Company spokesman said, "It gets even better."

DuraFast Label Company offers the Vortex 850R Memjet label press printer in "kits" as follows:

- **VORTEX 850R-X DIGITAL LABEL PRESS PRINTER KIT** – This kit includes the Vortex 850R Memjet label printer with the entry-level version of Liberty "X" O/S, a 1-year warranty, five ink cartridges, one print head, and one unwinder.
- **VORTEX 850R DIGITAL LABEL PRESS PRINTER KIT** – This kit includes the Vortex 850R Memjet label printer with the fully featured Liberty O/S, a 1-year warranty, five ink cartridges, one print head,
