

# Nose Hair Trimmer Becomes another Unexpected Best Seller After Creator Starts Business from Laptop in Coffee Shop

*One of this year's biggest Web surprises is the sudden success of Neil MacKenzie who started his company from a laptop in a coffee shop called Joe's Garage.*

LA, CA, USA, June 1, 2016 /EINPresswire.com/ -- Neil's brainchild is Aotearoa Beauty, a Collection of beauty products to fix those annoying little problems, his first product was a collection of surgical style tools to remove blackheads, His second product is a [Nose & Ear Hair Trimmer](#) "Everybody in the tech world is focusing on apps and social media. But what the average person really wants is a way to remove blackheads and pimples & all those unwanted hairs," Neil said from his office.

The blackhead kit was first placed on Amazon.com in August 2015 where it quickly shot up the charts in popularity. In less than a month the kit had earned more than 250 five star reviews, an accomplishment usually reserved for the hottest new technologies and media releases, The Nose Hair trimmer launched in May 2016 and followed the same path straight up the rankings with hundreds of 5 star reviews.

"Who knew Nose & Ear [Hair Trimmers](#) were going to be as hot as the latest iPhone? I just figured there are a lot of people who would like a more effective and healthy way to make their face look better," Neil said.

The Aotearoa Nose Hair Trimmer came about after researching consumers' needs and realizing popping pimples and removing unwanted hair are real problems, People just want the right tool to fix them problem quickly, efficiently & pain free!

Just as it is important not to squeeze or pop pimples and blackheads with your fingers (can damage your skin) It's important not to stick big sharp scissors up your nostril or in to your ear, using the right tool for the job (just like a mechanic) gets the job done Quickly, Professionally and Safely.
