

ESI Roundtable Announces New Curriculum for Fall 2016 CLE Workshops

Legal Education Organization Brings Hands-On Training to New Cities

BIRMINGHAM, ALABAMA, UNITED STATES, May 31, 2016

[/EINPresswire.com/](http://EINPresswire.com/) -- [ESI Roundtable](#), the only [eDiscovery CLE organization](#) providing practical and engaging hands-on training for local legal communities,

announced today a significant shift in the organization's business model. ESI Roundtable is now offering Half-day and Full-day "Hands-on Training" Workshops for law firm teams, as well as Corporate legal departments. The Company also announced its expansion to the West Coast by adding San Diego, Los Angeles, San Francisco and Seattle to The Roundtable community.

"ESI Roundtable's business model and programming have evolved in response to the incredible demand for our popular, Workshop-style CLE events," states Melissa Rogozinski, Founder and President. "Agendas are customized according to feedback we receive from program attendees as well as requests from a variety of local legal communities, corporate departments and Bar Associations. Not only do the Workshops provide more networking and participant engagement, but the new scheduling accommodates practitioners who might not otherwise be able to attend shorter programs due to local travel challenges."

[Fall 2016 Programs](#)

8/25 Half-Day Workshop, San Diego
9/22 Corporate Legal Workshop, Atlanta
10/6 Half-Day Workshop, Los Angeles
10/13 Half-Day Workshop, Brooklyn
10/27 Half-Day Workshop, San Francisco
11/17 Half-Day Workshop, Seattle
12/1 Half-Day Workshop, Atlanta
12/15 Half-Day Workshop, Birmingham

Workshop content sessions are led and presented by local practitioners – lawyers, judges, paralegals, litigation support – on behalf of ESI Roundtable. Local speakers create a sense of comfort and community among colleagues with whom participants can network and connect outside of the Workshops.

Workshop breakout sessions are led by service and technology providers and are designed to complement the content sessions. Opportunities to learn practical implementation through role-playing activities, as well as learning how to "test drive" technologies with attendees' own devices in a step-by-step instructional setting, are two examples of breakout session offerings. Benefits of sponsorship may be found [here](#).

ABOUT ESI ROUNDTABLE

ESI Roundtable is a grassroots, continuing legal education organization that provides training and workshops with practical content and local networking. Our programs are customized to the needs of legal professionals in the local communities where events are hosted. As a complement to our CLEs, our website contains links to best-of-breed curated resources as well as original resources, like our blog and Membership Subscriptions (Litigation Forms & Presentations Libraries). ESI Roundtable has produced over 250 eDiscovery CLEs since 2008. ESI Roundtable is "eDiscovery for the Rest of Us!™"
