

Modality Systems wins 2016 Microsoft Communications Partner of the Year

The Communications Partner of the Year Award recognises Modality Systems as having proven expertise in Microsoft communications solutions for Skype for Business

LONDON, HERTFORDSHIRE, UK, June 8, 2016 /EINPresswire.com/ -- Modality Systems is delighted to announce they have won the 2016 Microsoft Communications Partner of the Year award. This award recognises Modality Systems among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

James Rodd, co-founder and CEO of Modality Systems comments: "To receive recognition for our innovation, expertise and the positive impact our services have for our customers is testament to the continued dedication and commitment of our team at Modality Systems. We continually strive to help our customers unlock the value of collaborative communications within their business, as well as optimising their investment in Microsoft Office 365 and Skype for Business."

Referencing one of its global customers, Modality Systems award-winning entry showcased the complete lifecycle approach in supporting the customer in migrating to a wireless communications infrastructure, providing a seamless experience for users across all devices to enable a unified communications & collaboration environment.

Modality Systems unique value proposition, built around three core pillars of Usage, Health and Future provided the framework for the project, combining consulting, managed and adoption services, along with a future thinking approach to ensure the customer continues to realise the benefits of the enabling technologies.

Modality Systems - Microsoft Communications Partner of the Year award

Modality Systems would not be possible without the continued drive and enthusiasm of the entire global team and the support of our partners” concludes James.

Awards were presented in several categories, with winners chosen from a set of more than 2,500 entrants from 119 countries worldwide. Modality Systems was recognised for providing outstanding solutions and services in Communications.

The Communications Partner of the Year Award recognises Modality Systems as having proven expertise in Microsoft Communications solutions for Skype for Business in Office 365. Winning the award highlights the significant impact Modality Systems have had on delivering end-to-end Skype for Business solutions through greater technology innovation, deployment and support services, network assessment and adoption services to enhance how our customers communicate and collaborate.

“We are honored to recognise Modality Systems as this year’s winner of the 2016 Microsoft Communications Partner of the Year award,” said Gavriella Schuster, general manager, Worldwide Partner Group, Microsoft Corp. “Modality Systems is a prime example of the excellent talent we see in our Microsoft partner community to deliver innovative and transformative solutions to our mutual customers.”
