

Ikkletots - creating a brand of contemporary- with a hint of modern - attention-grabbing Bandana Bibs.

Bold simple minimalist designs for 'must have' accessories.

SYLMAR, CALIFORNIA, USA, June 13, 2016 /EINPresswire.com/ -- Ikkletots - creating a brand of contemporary- with a hint of modern - attention-grabbing Bandana Bibs.

Bandana bibs are a clever alternative to the, sometimes unsightly traditional bibs.

Not only functional but very subtly dual purposed. Because of it's design, most people would never know it serves the purpose of a drool, dribble and feeding bib.

It's that discreet that even children forget they are wearing it, due to the fact it lays flat on their chest.

These are bibs that stay on because no little hands are pulling them off.

Due to their good size these are not just baby bandana bibs but also a discreet bandana bib for toddlers.

Along with the reasonable price, an old round great investment at \$14.99

This is the first in a line of new ikkletots designs with more soon to be launched on Amazon.com.

Ikkletots designs are co-ordinated with vivid strong coloring.

Made of 100% cotton knit, soft fleece and no harsh chemicals these bandana bibs are highly absorbent, quick drying and 2 adjustable sets of snap closures.

Go try! - so much to gain and so little to loose with a 100% no quibble Guarantee.
