Commercial Aircraft [Turbine Blades](#) and Vanes

Summary

Wiseguyreports.Com Adds "Commercial Aircraft Turbine Blades and Vanes -Market Demand, Growth, Opportunities, and Forecast, 2016 - 2020" To Its Research Database.

Turbine blades and vanes make up the turbine section of the modern aircraft gas turbine engine and are present in the high-pressure turbine (HPT) and low-pressure turbine (LPT) sections. Since they operate at extremely high temperature and pressure, they are usually made of superalloys that can withstand harsh operating conditions.

The analysts forecast the global commercial aircraft turbine blades and vanes market to grow at a CAGR of 5.85% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global commercial aircraft turbine blades and vanes market for 2016-2020.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Commercial Aircraft Turbine Blades and Vanes Market 2016-2020, has

been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- GE Aviation
- GKN Aerospace
- Rolls Royce
- Turbocam
- UTC Aerospace

Other prominent vendors

- Chromalloy
- Hi-Tek Manufacturing
- Moeller Aerospace
- Snecma
- Turbocam International

Market driver

- Increase in aircraft and aero-engine sales
- For a full, detailed list, view our report

Market challenge

- Technical difficulties to repair and restore turbine blades and vanes
- For a full, detailed list, view our report

Market trend

- New turbine blade material
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of Content

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview
- Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market size and forecast
- Five forces analysis

PART 06: Aerospace and defense supply chain system

PART 07: Aerospace and defense value chain system

PART 08: Market segmentation by aircraft size configuration

- Global commercial aircraft turbine blades and vanes market by aircraft size configuration

PART 09: Geographical segmentation

- Global commercial aircraft turbine blades and vanes market by geography
- Commercial aircraft turbine blades and vanes market in Americas
- Commercial aircraft turbine blades and vanes market in EMEA
- Commercial aircraft turbine blades and vanes market in APAC

PART 10: Market drivers

PART 11: Impact of drivers

PART 12: Market challenges

PART 13: Impact of drivers and challenges

PART 14: Market trends
