

# IT Governance to participate at the European Legal Security Forum 2016 in London

ELY, CAMBRIDGESHIRE, UNITED KINGDOM, June 16, 2016 /EINPresswire.com/ -- IT Governance Ltd, the leading supplier of cyber security products and services, is proud to announce that it will participate as an exhibitor at [the European Legal Security Forum](#) taking place on 12 July 2016 in London, 115 Bishopsgate.

The European Legal Security Forum welcomes over 500 senior executives from the world of law and legal technology, and will explore the security threats and high-priority risk factors associated with cyber security and data protection within the legal sector.

The exhibition aims to ensure continuity and integrity of law firms' data and operations, and to examine the latest developments in cyber security. The exhibition agenda will also include evaluating the strategies and systems that can assist the legal sector in combating cyber threats, while offering optimal protection for the modern law firm.

IT Governance is one of 30 leading experts from the world of cyber security that will be at the European Legal Security Forum 2016. Having worked with top law firms including Eversheds, Freshfields, and Slaughter and May, IT Governance has a solid track record in helping law firms implement cyber security. IT Governance has helped more than 400 organisations globally – including several leading law firms – gain certification to the international information security standard, ISO 27001.

Alan Calder, the founder and executive chairman of IT Governance, says: "Law firms have notoriously been targets for cyber criminals because of the sensitive information they possess. The scale and devastation that cyber breaches cause means that law firms need to consider their cyber security posture right now. IT Governance's unique expertise in cyber security, technical testing, Cyber Essentials certification, IT governance and information security means it is ideally placed to provide a comprehensive solution to the cyber security challenges faced by the legal sector."

IT Governance is a global provider of information security solutions, and has helped law firms of all sizes worldwide achieve certification to ISO 27001 through a mixture of tools, training, consultancy and penetration testing with affordable, fixed-priced solutions. For more information about ISO 27001 and how it can benefit your firm, [download the free paper, "ISO 27001 for Law Firms" >>](#) To register your pass and attend the European Legal Security Forum 2016, visit [www.legalsecurityforum.com/delegate-registration](http://www.legalsecurityforum.com/delegate-registration). Please note that full-day delegate passes are only available to law firms, barristers' chambers and in-house counsels. For full terms and conditions of passes, please visit [www.legalsecurityforum.com](http://www.legalsecurityforum.com).

IT Governance invites all delegates to visit us at exhibition stand number 30, placed in front of the main stage, for expert cyber security and data protection advice and support. See the exhibition floor
