

BEAVERCREEK, OHIO REALTOR® SUSAN ESSEX EARNS MILITARY RELOCATION PROFESSIONAL (MRP) CERTIFICATION

BEAVERCREEK, OHIO, UNITED STATES, June 16, 2016 /EINPresswire.com/ -- Susan Essex is a very passionate and highly esteemed Real Estate agent at RE/MAX Victory in Dayton, Ohio where she was born and raised.

Susan is also a member of the Dayton, Cincinnati and Miami County Board of Realtors and is a Certified Military Relocation Professional.

After graduating from Northridge High School, Susan began working in the finance department at NCR – a cash register company that provides scanners and high tech equipment for Fortune 500 companies such as Walmart.

Susan's father, Albert Shelor, served in the United States Army Air Corps and then on to the Air Force. When stationed in Japan he was involved in an unfortunate accident while riding his motorcycle. He was hit by an Air Force Weapons Carrier truck driven by civilians and was in a coma for two weeks and lost his leg after many unsuccessful surgeries. During his recovery and rehabilitation, Albert was transferred to Hawaii, then to Wright-Patterson Air Force Base hospital in Dayton, Ohio. It was there that met a fellow Corpsman who worked at the hospital who introduced him to his sister-in-law, whom he married.

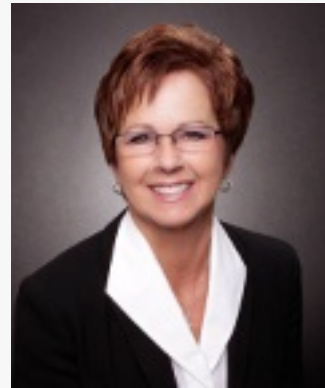

“

I would give up anything for my Military clients. I am always willing to make any sacrifice for them.”

Susan Essex

Susan says, “My father was an amazing man. Even though his leg had been amputated, he received his prosthesis and got busy in the Tool & Dye business as a toolmaker, machinist and model maker at General Motors. He also made all of the furniture in our house which were as beautiful as Ethan Allen. Not only that, but he was an accomplished gunsmith and made all kinds of different guns.”

With such a wonderful father to look up to, it was no surprise that Susan would look for these stellar qualities in her own spouse. This happened when a neighbor set her up on a date with her future

husband, Wayne. She says, "It was love at first sight for me. I knew immediately that this was the man I wanted to spend the rest of my life with."

Wayne graduated from Wright State University in Ohio then went to Liberty University in Virginia for his Master's Degree and graduated with a Doctorate in Philosophy at Louisiana Baptist University. He owns an accounting firm in Dayton and teaches tax classes at Edison State Community College in Piqua.

Susan says, "Every year, Wayne does taxes for over 600 single mothers and widows – free of charge. It makes me so proud to see that he is helping so many people who are very appreciative of his work."

Susan is equally proud of her two children, Michael and Sara. They both went to private Christian schools with Michael graduating from Troy Christian High School and Sara graduating from Dayton Christian High School.

Sara attended Palm Beach Atlantic University in West Palm Beach, Florida graduating with a Bachelor's Degree in Communications and began her career as a General Manager at Abercrombie & Fitch. Sara married her husband, Boyd, and moved to Texas where they have four children. Sara owns her own successful sewing business making quilts and baby bedding.

Michael attended Wright State University and graduated with a Bachelor's Degree in Business. He married his wife, Leslie and they have two children. He is currently a Project Engineer for Shook Construction Company in Dayton.

Susan always had a love for houses. At a young age she enjoyed being outside and looking at houses and was interested in Real Estate. While still working at NCR, Susan took Real Estate classes and got her license in six weeks. She says, "I really enjoy communicating with people. I love the relationships that are created in the process of buying or selling a home." Susan is even more passionate about our Military. Her father retired from Wright-Patterson Air Force Base and she grew up in this Military community, however, it was the events of 911 that really shook her up. She says, "I was never so touched by the people who supported our Soldiers. When we went to war in Iraq, I was old enough and mature enough to understand their sacrifices and seeing such a critical piece of history with 911 truly ripped my heart out. I had so many friends go over to Iraq and I prayed continually for them. I feel very blessed to be able to live in this Country and I feel safe and secure because of the sacrifices of our Military members."

Susan received an email from the National Association of Realtors announcing their new Military Relocation Professional (MRP) Certification classes. She was so excited to be able to earn this designation that she jumped at the chance to take the courses and was in the very first class for MRP's in Columbus. She says, "I would give up anything for my Military clients. I am always willing to make any sacrifice for them. I think it is very important to have knowledge of the VA loan as well as an understanding the Military timetables. We live in such a wonderfully supportive Military community here surrounding Wright- Patterson and it's such a blessing to work with Military families. I take pride in being able to help them on all levels and my respect for our Military runs deep. There is nothing I wouldn't do for them."
