

# Announcing the German Diploma in Assisted Reproductive Techniques

*Pius Hospital & Tagesklinik, Oldenburg, Germany launch the German Diploma in Assisted Reproductive Techniques*

OLDENBURG, GERMANY, June 18, 2016 /EINPresswire.com/ -- Pius Hospital & Tagesklinik, Oldenburg, Germany launch the [German Diploma in Assisted Reproductive Techniques](#) with the first training course and certification examination scheduled from 14-21 September 2016. This [Diploma Certificate Course](#) is endorsed by German Academy of Obstetrics & Gynecology (DAGG), EACCME & University Hospital of Gynecology of Carl von Ossietzky Universität Oldenburg Germany. The Course Directors are Dr Jorg Hennefrund, Dr Gautam Nand Allahbadia, Prof Dr Rudy Leon De Wilde & Dr Rajesh Devassy. Course Highlights include Basic & Advanced Clinical Assisted Reproduction & Embryology Training, Hands-on time in the Embryology Laboratory, Live Sessions on Fertility Enhancing Endoscopic Surgery & 24 Didactic & Interactive Lectures at the Carl von Ossietzky University Oldenburg affiliated IVF Clinic. There will be a maximum intake of only 13 trainees/batch to enhance

individual Skill Development, Assessment & Certification processes. The Course is directed at both Physicians who want to enhance and update their ART skills as well as Embryologists who can get a technology update at this continuing medical education event. The Course organisers have tied up with a third party Medical conference managing company in the UAE for marketing the course in the GCC & MENA regions. This Diploma course is directed to trainees from Asia & Africa and the complete information about the course content and Registration process can be found online at [www.zimtdubai.com/artdiploma](http://www.zimtdubai.com/artdiploma)

The course content includes didactic lectures followed by an intensive interactive teaching session for all 24 scheduled lectures. The key topics covered include Embryo Selection in ART, An Algorithm for an OHSS-Free Clinic, Time Lapse Imaging to Enhance PRs, Stimulation Protocols in PCOS patients, PGS-NGS-IVF in Contemporary ART, Assisted Hatching & Embryo Biopsy, Nuances of Embryo Transfer, Endometrial Scratching & Intrauterine Instillation of Implantogogues, Freeze All is the future of IVF and Individualized Controlled Ovarian Stimulation (iCOS). The Scientific Program also includes Virtual Embryology Labs with Videos of all IVF lab procedures interactively discussed and rotation of candidates through the IVF Laboratory. The training course will also have half a day session on actual ART case presentations from the Tagesklinik archives. A dedicated session of attending Live Fertility Enhancing Endoscopic surgery is also incorporated in the [ART Diploma course](#). The 7-day course will conclude with a written MCQ Certification Exam for the Diploma. Please write to [zimtconferences@gmail.com](mailto:zimtconferences@gmail.com) for any queries regards the German ART Diploma
