

New report shares details about the Global Potash Ore Market Research Report

PUNE, MAHARASHTRA, INDIA, June 21, 2016 /EINPresswire.com/ --
ACCESS REPORT @
<http://www.marketresearchfuture.com/reports/global-potash-ore-market-research-report-forecast-to-2027>

Study Objectives of Global Potash Ores

- To provide detailed analysis of the market structure along with forecast of the various segments and sub-segments of the Global Potash Ore Market
- To provide insights about factors affecting the market growth
- To Analyze the Potash Ore Market based on various factors- price analysis, supply chain analysis, porter's five force analysis etc.
- To provide historical and forecast revenue of the market segments and sub-segments with respect to four main geographies and their countries- North America, Europe, Asia, and Rest of the World (ROW)
- To provide country level analysis of the market with respect to the current market size and future prospective
- To provide country level analysis of the market for segment by mineral extracted and applications.
- To provide strategic profiling of key players in the market, comprehensively analyzing their core competencies, and drawing a competitive landscape for the market
- To track and analyze competitive developments such as joint ventures, strategic alliances, mergers and acquisitions, new product developments, and research and developments in the Global Potash Ore Market

Market Synopsis of Potash Ores

MARKET SCENARIO

The global potash ore market has seen a potential growth and expected to rise as the growth of fertilizer industry in the recent years. The rising demand and consumption of food will drive the fertilizer industry thereby; the demand is expected to increase for potash ores. North America and Europe are considered as the major market and consumer for organic food. Additionally, rising concern over hygienic food, increasing disposable income, and growing population are the driving factor which has captured the global potash ore market. Along with this, huge population is concerning about healthy food which is one of the major trends in the market.

Hence, the global market for potash ore is expected to grow at XX% CAGR (2016-2027)

SEGMENTS

The global potash ores market is segmented on the basis of applications and mineral extracted. On the basis of application the global potash ores market is segmented into sodium chloride, potassium chloride and others. On the basis of application, the global potash ores market is segmented into agriculture industry, chemical industry and others (metallurgical industry).

Regional Analysis of Global Potash Ores

Geographically, North America is considered as the largest market for organic food, where in Canada is the biggest market followed by the US. By 2011, Canada had a production capacity of 11.2 million tones. The US is also considered as the largest consumer of potash ore. . Potash ore is a major fertilizer in agriculture, therefore in the European countries such as United Kingdom, France, Germany, Switzerland and others, where the available arable land is more compared to

other regions. However, this factor has anticipated the European market. As of now, China and India is the world's largest consumer of potash ores due to the large arable land, huge population growth, and large employment is depended in agriculture.

KEY PLAYERS

The existing and prominent key players present in the Global Potash Ores Market include EuroChem, Intrepid Potash, Uralkali, Mining Associates, Agrium Inc., JSC Belaruskali, , K+S GmbH, Israel Chemicals Ltd, Elementals Minerals Limited, PotashCorp, Uralkali, Encanto Potash Corp., BHP Billiton Ltd. and among others.

The reports also covers brief analysis of Geographical Region includes:

Americas

•North America

- US
- Canada

•Latin America

Europe

•Western Europe

- Germany
- France
- Italy
- Spain
- U.K
- Rest of Western Europe
- Eastern Europe

Asia – Pacific

•Asia

- China
- India
- Japan
- South Korea
- Rest of Asia

•Pacific

The Middle East& Africa

The report for Potash Ore Market of Market Research Future comprises of extensive primary research along with the detailed analysis of qualitative as well as quantitative aspects by various industry experts, key opinion leaders to gain the deeper insight of the market and industry performance. The report gives the clear picture of current market scenario which includes historical and projected market size in terms of value and volume, technological advancement, macro economical and governing factors in the market. The report provides details information and strategies of the top key players in the industry. The report also gives a broad study of the different market segments and regions.
