

# Dallas Locksmith Works to Keep the City Safe

---

*Texas Premier Locksmith is leading the way with advanced and innovative security and locksmith solutions.*

DALLAS, TX, UNITED STATES, June 21, 2016 /EINPresswire.com/ -- Texas Premier Locksmith in Dallas now delivers a compelling security package that will go a long way to ensure that the city of Dallas is a safe and secure environment for its people and businesses. "We are committed to continually reviewing and improving our product offering so as to cater for the ever-changing security and emergency needs of our customers," says Yair Frenkel, operations manager at Texas Premier Locksmith. "In a dynamic city like Dallas, locksmith services should have no schedule – that is why we offer our services 24/7. We are only a phone call away to attend to your needs right away or to set up an appointment to discuss and assess your security requirements."

Dallas crime statistics make for a particularly grim reading and such a bold statement from Frenkel, a major player in the industry, is very welcome. As per NeighborhoodScout.com, a website that compiles crime data reported by FBI, a Dallas resident has a 1 in 16 chance of becoming a victim of violent or property crime, against a Texas average of 1 in 28. Furthermore, 96% of America is safer than living in Dallas and with a ratio of 1 in 142, the city has one of the highest motor vehicle theft rates in the country.

This is why locksmith services are very important in Dallas, TX. Texas Premier Locksmith recognizes this and offers a wide range of quality and effective services that include lock installation, deadbolt installation and repair or modification of locks and keys; installation of security systems, installation and servicing of safes; installation, designing and servicing electronic access control systems and CCTVs; as well as responding to emergency lockouts 24 hours a day, 7 days a week.

Texas Premier Locksmith has been serving the city since 2011, providing a great variety of residential, automotive, commercial and emergency locksmith services. They have a professional staff consisting of locksmiths trained and experienced in different specialties as well as different locksmith scenarios. In addition to their 24-hour services, Texas Premier Locksmith also offers exceptional customer service that well and truly beats their competition. For more information, call (972) 301-2292, any time, any day; or visit their website at <http://www.dallas.txpremierlocksmith.com/>
