

America Awakens – Obama a Shiite Muslim

Americans are beginning to acknowledge that President Obama is America's first Shiite-Muslim president after the Orlando Florida massacre.

FOUNTAIN VALLEY, CALIFORNIA, UNITED STATES, June 23, 2016 /EINPresswire.com/ -- FOUNTAIN VALLEY, CALIFORNIA, UNITED STATES, June 24, 2016 /EINPresswire.com/ -- Orange County, Calif., June 24, 2016 –[Nicholas Ginex](#), author of [Obama, Islam and Benghazi](#) clarifies Obama's speech given on June 14, 2016 where 49 people were killed and 53 injured by an Islamic terrorist in Orlando Florida. Obama's speech did not identify the attack was done by an Islamic terrorist. Instead, he said, "Now, those who were killed and injured here were gunned down by a single killer with a powerful assault weapon."

Obama concluded his speech by invoking God, "May He give us resolve to do what's necessary to reduce the hatred of this world, to curb the violence. May He watch over this country that we call home." Obama's speech hopes that God, not America, will eliminate the threat of radical Islamic terrorism.

Americans are beginning to question Obama's approach to secure the country from Islamic terrorism. They know he has not worked with our military commanders to propose a plan that will effectively eliminate Islamic terror organizations. Instead, his speech confirms that he will not associate terror attacks as being motivated by Islamic beliefs. Early in his administration, Obama had the FBI delete files of over 1,000 operatives that were associated with Islamic organizations such as the Muslim Brotherhood and ordered that all references to Islam, jihad, and Al-Qaeda in military and defense manuals be deleted.

How much longer will many Americans accept lies from Obama and the complicit support by the liberal media? Can it be that many Americans are poorly educated and can easily be made fools of?

Will Americans continue to accept:

>>> Obama not identifying the threat as Islamic in such instances as the Fort Hood and the Orlando massacre terror attacks?

>>> The fabricated YouTube lies by Obama with Clinton to divert any culpability for the deaths of four Americans in Benghazi, Libya? This is well documented in the novel, Obama, Islam and Benghazi.

>>> Obama propaganda that Islam is a religion of peace? This claim is "clearly false" as documented in the novel Allah, We, Our and Us.

>>> Obama's release of five top Islamic military terrorists from Guantanamo for a U.S. deserter?

>>> The Obama-Iran Nuclear Deal? It allows 150 billion dollars to be injected into Iran's economy and

continued development of a nuclear weapon. Is Iran, a Shiite regime, being supported by a Shiite Muslim?.

>>> Obama as an African-American? In reality, Obama is a Muslim-American by birth. His father and brothers are all Shiites. To denounce his Islamic faith, he would be an apostate according to Sharia law.

>>> Obama's statement to the UN? He said, "The future must not belong to those who slander the prophet of Islam." These are the words of a Muslim leader NOT the president of the United States.

The above list is a small sample that confirms Obama compromises the safety of the United States with his affinity for the Muslim people and belief in the Islamic faith; a belief inculcated into his mind with his indoctrination of the Qur'an as a young boy. This fact is not revealed by the liberal media and government representatives. Are they too embarrassed to admit Obama, a Shiite Muslim by birth, was not vetted properly to be president of the United States?

Will our Government representatives permit the Obama-Clinton Benghazi deception to go unpunished? Will Americans accept Hillary Clinton's continued run for president even though she deleted classified e-mails placed in an unauthorized server? These violations far exceed the violation of General Petraeus.

America may be losing its most beautiful heritage as the land of opportunity for all people because its moral structure and high regard for truth has deteriorated; it all began with a Muslim-America president.
