

What do people desire most when using facial hair removal technology?

Comfort, convenience and ease of use This latest nose hair trimmer offers all of these things and more!

LA, CA, USA, July 4, 2016 /EINPresswire.com/ -- -- When we use facial [hair](#) removal technology, we want to be able to use the technology knowing that we are guaranteed comfort and convenience, and in the end, a satisfying result. Opto Express prides itself its facial hair removal technology which ensures maximum comfort and customer satisfaction. That is why we are happy to announce the release of our newest [nose hair trimmer](#) which has a sleek and ergonomic design for the removal of body hair, without the discomfort of pulling or tugging from the blades. The stainless-steel blades are of high performance and will guarantee accurate removal of ear and [nose](#) hair comfortably.

In addition to providing comfort, our body hair trimmer is also very easy to use and maintain. The ergonomic shape of the trimmer makes it easy to use with precision, guaranteeing the removal of all stray body hairs. Power consumption is low, with only one AA-sized batter (not included) required for power and the cleaning brush accompanying the trimmer ensures quick and easy maintenance. Finally, you are guaranteed to have long-lasting comfortable use out of our newest body hair trimmer as the protective cap provided ensures against any wearing of the blades, so they will perform at their highest capacity.

To celebrate the release of our newest hair removal technology, we are having a sale on Amazon so you can receive your nose trimmer at \$13.95 from the original price of \$34.95, meaning you save \$21.00.
