ACC News Talk Radio Spotlights Sara Belt of Energy Light Healing

Sara Belt Founder of Energy Light Healing

Wichita, KS – Everyone experiences the pleasures of joy and the pains of physical or mental sorrow at one point or another. How we carry these experiences can have an enormous impact on our future. It's important to remember that you are not alone. There are trained individuals that can help you through the toughest of times and the harshest of scenarios. Since 2008, Sara Belt of Energy Light Healing has assisted many people in releasing emotional and physical pain/burdens that hold us back.

As a Reiki Master and trained in Matrix Energetics, Sara works with her clients to locate and relieve the energy we hold that limit our capabilities. The process begins with a free consultation. At www.energylighthealing.com, all of Sara's incredible services are exhibited for everyone to see. Anyone, anytime, anywhere can reach out and work with Sara as she holds sessions in person, by phone and via Skype.

"I focus on healing sessions and mentoring. It's a whole experience of body, mind and spiritual healing. Through the sessions, people of all walks of life can learn to find their light. It's never too late to change. You can live the life you want. You just have to open the doors to change," exclaims Belt.

Through Sara's 90 minute healing sessions, people will experience firsthand the transformation

towards leading a more fulfilling life. As a mentor and Reiki teacher, Sara assists her clients in personal/spiritual growth and leads them towards achieving goals that they've always dreamed of. Amazingly, Sara's abilities extend far beyond others in the field.

"When I'm conducting a session, I sometimes receive messages and/or see images. Even departed love ones sometimes show up to give a message. I never know what is going to happen during a session, which is why I find this so exciting and amazing. When we let go and let God, true miracles can happen. It is so much fun to witness people becoming open and free."
