

Bluewater Inc. Expands North America Team With New National Technical Support Specialist

Bluewater Inc. says David Daley has been appointed to serve as technical sales and support specialist for Bluewater's fast expanding North America operations.

KANSAS CITY, KANSAS, U.S.A, July 6, 2016 /EINPresswire.com/ -- [Bluewater](#) Inc. today announced that David Daley has been appointed to serve as technical sales and support specialist for Bluewater's fast expanding North America operations. In this new role, Daley will oversee customer technical support and how Bluewater's cutting edge second-generation residential water purifiers are best integrated to deliver the functionality and contaminant free water each customer requires.

"David has an excellent technical understanding of water purification products that together with his energy and enthusiasm will help us further improve our technical services department as we continue our growth in the North American market," said Lin Guo, [Bluewater Inc](#) USA chief.

Bluewater – a leading Swedish water purification brand that innovates and brings to market highly efficient second generation reverse osmosis technologies for home and commercial use – has seen excellent growth since entering the U.S. market just two years ago.

Daley has over 15 years in water treatment in both retail, and as a direct sales representative for GE, selling whole house softener + RO systems. A veteran of the U.S. Navy, where he served for 8 years, he has worked in various management roles in both retail and customer service, encompassing both sales and technical support.

“ I think that Bluewater offers a revolutionary point-of-use water purification product line that makes it very easy to get superior, contaminant free water quality”

David Daley

purification product line that makes it very easy to get superior, contaminant free water quality,” said David.

David Daley is based in Kansas City, KS, and reports directly to Lin Guo.
