

Carbon Capture and Storage (CCS) in Power Generation Sales Revenue and Global Market Share Forecasts to 2020

Wiseguyreports.Com Adds "Global Carbon Capture and Storage (CCS) in Power Generation Market" To Its Research Database.

PUNE, INDIA, July 8, 2016 /EINPresswire.com/ -- Analysts forecast the Global [CCS In Power Generation](#) Market to grow at a CAGR of 56.21% during the period 2016-2020. Carbon capture and storage or storage (CCS) is one of the novel ideas that promises to aid this aspect by reducing the amount of carbon dioxide, which is released into the atmosphere during the operation of fossil fuel dependent industries such as power generation and oil and gas processing. The basic functioning of the CCS technology is based upon the capturing of the emitted carbon dioxide before its release into the atmosphere and then transporting and storing this carbon dioxide at an environmentally safe location.

There are three steps in the CCS process:

- Carbon capture
- Transportation
- Sequestration or storage

Global Carbon Capture and Storage (CCS) in Power Generation Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- GE Energy
- GDF Suez

- Linde Group
- Babcock and Wilcox
- Mitsubishi Heavy Industries

Other prominent vendors

- Hitachi
- Sulzer
- Siemens
- Amec Foster Wheeler
- Air Products

Market driver

- Booming investments and advances in technology
- For a full, detailed list, view our report

Market challenge

- Risks associated with carbon capture and storage
- For a full, detailed list, view our report

Market trend

- Shift in focus toward developing nations
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
