

Truck Platooning System Market Opportunities by Key Players, Regional Segmentation and Forecasts, 2016 - 2020

Wiseguyreports.Com Adds "Global Truck Platooning System Market" To Its Research Database.

PUNE, INDIA, July 8, 2016 /EINPresswire.com/ -- Analysts forecast the Global [Truck Platooning System](#) Market to grow at a CAGR of 18.09% during the period 2016-2020. The truck platooning concept enabled by automated driving technologies has been hailed as the future of the transportation industry. In a truck platoon, multiple trucks travel at an aerodynamically efficient distance and drive cooperatively by maintaining the distance at high speeds. The platoon is akin to a train's compartment-like arrangement, but with physical disconnects. As automated driving technology penetrates the passenger cars segment and commercial vehicle segment, truck platooning will be viewed as an essential feature of the self-driven truck. The concept may even get standardized in self-driven trucks.

Global Truck Platooning System Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Daimler
- Peloton Technology
- Scania
- Volvo

Enquire before buying this report visit @ <https://www.wiseguyreports.com/enquiry/533521-global-truck-platooning-system-market-2016-2020>

Other prominent vendors

- Continental
- Delphi
- Hino
- IVECO
- MAN Truck & Bus
- Meritor Wabco
- Navistar
- PACCAR
- TomTom

Market driver

- Interoperability of truck platooning platforms integrating connected technologies
- For a full, detailed list, view our report

Market challenge

- Undefined safety parameters
- For a full, detailed list, view our report

Market trend

- Anticipated changes in the platoon business models
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?
