

Travelsafer Offering Great Specials for Amazon Prime day

Don't miss this great opportunity to check your car or 4WD tire safety and performance.

LOS ANGELES, CALIFORNIA, UNITED STATES, July 11, 2016

/EINPresswire.com/ -- To get the message of the importance of monitoring tire pressures for road safety out to the public, the company Travelsafer are offering their [digital tire pressure gauge](#) at a ridiculously low price in the lead up to Amazon Prime day.

According to the National Highway Traffic Safety Administration in 2013, tire failure causes approximately 11,000 crashes per year.

“Take this opportunity to do a full tire maintenance check,” says James from Travelsafer.

Here is a list of things he suggests to check for optimal tire safety and road handling:

- Use your Travelsafer [tire pressure gauge](#) to check tire pressure when the tires are cold, either early in the morning or after the car has been sitting for a few hours.

According to the National Highway Traffic Safety Administration in 2013, tire failure causes approximately 11,000 crashes per year.

James at Travelsafer

noticed the car tending to pull to one side. Correct wheel alignment could extend the life of your tires for as much as 6 months.

- Check the depth of your remaining tire tread. Dangerously low tread significantly reduces stability on the road in slippery conditions. The simplest way to check tread depth is to take a penny and stick it in

- Check the manufacturers recommendation for tire pressure. The correct tire pressure can be found in the car owner manual, on the gas tank lid, the driver's side door edge, or on the door post.

- Assess the pattern of tread wear. A tire wearing unevenly may indicate a problem with wheel alignment. Perhaps you've

with the Lincoln head towards the tread. If you can see Lincoln's head it's time to consider replacing tires.

Remember, the tire is designed to work around a certain targeted pressure and shape for optimal performance and the correct pressures are critical to optimizing performance and road safety.
