TREVOSE, PENNSYLVANIA, UNITED STATES, July 8, 2016 / EINPresswire.com/ -- In an effort to create a long-lasting and prosperous relationships with our community, we at Infinity Digital Agency are proud to announce our [Donate-A-Site program](#).

We are a digital marketing agency in Feasterville PA and are looking to give back to our community the best way that we can: by providing a free, professionally designed website for non-profit organizations.

Our team members have dedicated time to various volunteer organizations such as fire departments, EMS squads, and even animal kennels so we are no stranger to hard work and dedication to a cause we believe in. We are proud to offer a professionally designed website for any non-profit organization in the Bucks County and Philadelphia areas. With a website that showcases your organization's main philosophy, upcoming events, previous work, or other call-to-actions, we are confident that your community outreach will improve with each passing day.

If you are a part of a non-profit organization in the area and are in need of a website, we encourage you to [contact us](#). Each month we receive a dozen applications but we can only select one organization each month who we feel is in the most critical need of a website. As we continue to grow our company we hope to be able to service more than one non-profit organization per month by this time next year.
