

Industry experts BAE Systems and Thales join the line-up for Naval Mission Systems Technology 2016

SMI are delighted to announce a new addition to the Defence portfolio. Naval Mission Systems Technology will take place on 14-15 November 2016 in Rome, Italy

ROME, ITALY, July 13, 2016 /EINPresswire.com/ -- This highly anticipated [conference](#) will feature a number of established briefings from expert military speakers, solution makers and industry providers to offer the latest information in developments within Naval Mission Systems Technology.

Recently added to the expert [speaker line-up](#) include BAE Systems and Thales. Both these companies make a great addition to the agenda as they will provide a solid industry focus to the event.

EXPERT MILITARY SPEAKERS OF 2016 INCLUDE:

- Rear Admiral Flavio Biaggi, Head of the Ship Design & Combat Systems Department of the Italian Navy General Staff, Italian Navy
- Brigadier General Carlos de Salas, Head of C4ISR & Space Programmes, Spanish Ministry of Defence

This highly anticipated conference will feature a number of established briefings from expert military speakers, solution makers and industry providers

SMI Group

- Captain Andrea Micheli, Head of the C2IS Office, C4 and Security Department, Italian Navy
- Captain Vincenzo Milano, Director, Modelling and Simulation (M&S) NATO Centre of Excellence
- Captain Manuel Martinez-Ruiz, F110 Frigate Programme Manager, Spanish Ministry of Defence
- Commander Andreas Uhl, SME CD&E, German Navy HQ
- Mr William Bray, Executive Director Programme Executive Office for Integrated Warfare Systems (PEO IWS), Naval Sea Systems Command (NAVSEA)

EXPERT INDUSTRY SPEAKERS OF 2016 INCLUDE:

- Mr Tim Munn, System Design Authority & System Architect, Thales
- Mr Simon Vaughan, Mission Systems Project Manager, BAE Systems

To view the full agenda, please visit the event website www.navalmissionsystems.com/EIN

BENEFITS OF ATTENDING:

- Meet and network with senior representatives from European Navy's leading and developing their capabilities, including Italy, Germany and Spain as well as U.S. NAVSEA
- Explore ways in which interoperability between nations and technological systems can be developed to maximise the proficiency of maritime operations and strategies
- Focused presentations on C2 system integration technology
- Gain an insight and network with leading industry technical experts from Thales and BAE Systems

POST-CONFERENCE WORKSHOP

Running alongside the conference is a post-conference workshop entitled 'Enhancing Systems and Technology for Maritime Situational Awareness.'

This will be led by Dr Clayton Stewart, former Technical Director of the Office of Naval Research Global and current Professor at the University College London.

Visit www.navalmissionsystems.com/EIN to learn more about this opportunity.

There is currently an early bird offer available; book by 15th of July to save £400 off the conference price. Register at www.navalmissionsystems.com/EIN
