

Top Quality Floor Plans Now Available to Real Estate Professionals in Houston, Texas

Floor Plan Visuals extends services to Greater Houston

HOUSTON, TEXAS, UNITED STATES, July 12, 2016 /EINPresswire.com/ -- Floor Plan Visuals specializes in creating high-quality, marketable floor plans for real estate professionals, property managers, and developers. With locally staffed architectural building surveyors, Floor Plan Visuals operates in key markets nationwide including Los Angeles, Miami and New York City. "We have recently launched in Dallas, Texas," says Kochai Tyler, Managing Director at Floor Plan Visuals, "so we are excited to announce that we have expanded our services to the real estate professionals in Greater Houston."

Since 2010, Floor Plan Visuals has surveyed over 5,000 properties spanning over 20 million square feet. Headquartered in Charleston, SC, Floor Plan Visuals is comprised of architectural designers, marketing professionals and individuals with a real estate background. A sampling of their most notable [work](#) includes the "Fleur De Lys" residence in Los Angeles (a 50,000 sq ft estate which sold for over \$100MM in 2015); the Penthouse in the Trump International Tower NY; the "Full House" house located in San Francisco, which has recently come on the market for \$4.15MM; multiple foreign embassies and floor plans for HGTV's famous Property Brothers.

Floor Plan Visuals creates floor plans for all property types in both residential and commercial real estate. Their services extend beyond high-quality floor plans. They offer additional services including Site Plans, 3D renderings and 3D fly-over animation videos.

What sets Floor Plan Visuals apart from its competitors is the level of attention given to each plan. On-site measurements are performed by professional surveyors who have architectural backgrounds and utilize laser measuring equipment. Each floor plan is created in-house and assigned an experienced staff of designers to create the custom floor plans. All of the floor plans are CAD based which allows Floor Plan Visuals to produce high-resolution, sharp images ready for web and print use. Floor Plan Visuals provides an architectural level of quality with a low cost to fit marketing budgets.

Floor Plan Visuals is open Monday to Friday 9am–5pm.
