

Zensah® Releases Compression Arch Support Sleeves

New Zensah® Arch Support Sleeves Features Targeted Compression to Sooth Heel, Arch, Foot Pain, and Help Relieve Plantar Fasciitis

MIAMI, FLORIDA, UNITED STATES, July 14, 2016 /EINPresswire.com/ -- Zensah®, the premium athletic apparel brand, has been developing products to help athletes prevent and relieve injuries for over 10 years. Zensah® is now taking the next step in injury prevention by adding an [arch support](#) sleeve to its product assortment.

The Zensah [Arch Sleeve](#) supports weak and flat arches with ribbing in the fabric and targeted compression. The product also features moisture wicking for comfort and anti-odor technology to combat sweat stink. The ultra-thin breathable fabric can be worn under or over a sock and the product is sold as a pair.

Arch Support Sleeves

According to Alberto Benarroch, Marketing Director at Zensah, "The amount of people who suffer from arch aches, flat/fallen arches, and [Plantar Fasciitis](#) is vast, especially in the athletic community. This Arch Support Sleeve is targeted, lightweight and easy to wear for all-day support."

“

This Arch Support Sleeve is targeted, lightweight and easy to wear for all-day support.

Alberto Benarroch, Marketing Director at Zensah

The Zensah Arch Support Sleeve is available now on <http://www.zensah.com/>.
