

# IRAN'S MINISTER OF PETROLEUM TO GIVE KEYNOTE AT PETROLEUM CONFERENCE IRAN 2016

*HE Mr Nijan Zanganeh, Minister of Petroleum, Islamic Republic of Iran will deliver the key note presentation at Petroleum Conference – Iran 2016*

TEHRAN, IRAN, July 11, 2016 /EINPresswire.com/ -- H.E Mr. Bijan Zanganeh, Minister of Petroleum, Islamic Republic of Iran will deliver the key note presentation at Petroleum Conference – Iran 2016 which uniquely has the active engagement of all seven of Iran's major oil, gas and petrochemical associations. Petroleum Conference – Iran 2016 is an important three day conference and exhibition that will deliver updates on the current commercial projects and insights into the investment opportunities presented by Iran's petroleum sector.

The event will take place 01-03 October at IRIB International Conference Centre, Tehran and will build on the successful launch of the new Iran petroleum contracts (IPC) at the Tehran Summit last November, which was attended by more than 1,700 delegates. This year's programme features a number of high level speakers including:

H.E. Mr. Bijan Namdar Zanganeh, Minister of Petroleum, Iran  
H.E. Dr. Surna Setari, Presidential Deputy for Science and Technology  
Dr. Seyed Hamid Hossaini, Conference President  
Mr. Seyed Mehdi Hosseini, Head of Oil Contracts Restructuring Committee  
Dr. Amir Hossain Zamaninia, Deputy Minister of Petroleum  
Ms. Marzieh Shahedayi, Deputy Minister of Petroleum for Petrochemical and President, National Petrochemical Company  
Mr. Hamid Aaraghi, Deputy Minister of Petroleum Gas Affairs & Managing Director, National Iranian Gas Company  
Mr. Abbas Kazemi, Deputy Minister of Petroleum for Refining & Managing Director, National Iranian Oil Refining and Distribution Company  
Mr. Mohammad Reza Moghaddam, Deputy Minister of Petroleum Minister for Research and Technology  
Dr. Mohammad Khazaei, President, Organisation for Investment, Economic and Technical Assistance of Iran  
Dr. Mehdi Asali, General Director of OPEC Affairs and Ministry of Petroleum Energy Assemblies

In addition to the high level speakers, delegate workshops will run concurrently with the content led by a distinguished steering committee made up of industry leaders. Content will reflect the new spirit of cooperation that is required to help meet Iran's petroleum sector ambitions – largely to develop investment, transfer of technology and increase exports through partnership among the Iranian and international industries, in order to achieve Middle East's top ranking country in line with Iran's 1404 (2025) Vision.

Integrated with the event, a world-class exhibition will allow companies to showcase their products and services directly to their target audience and key international pavilions are being organised by

the Italian Chamber of Commerce, the South Africa Petroleum Industries Association and the Energy Industries Council (UK).

Paul Gilbert, Event Director, quoted; "Whilst the IPC is widely expected to raise \$100 billion in international investment, there are huge projects and investment requiring international products and services throughout the midstream and downstream sectors, the National Petrochemical Company, for example, are talking about 28 major projects requiring \$32 billion investment.' Petroleum Conference – Iran 2016 has been designed to provide companies with an invaluable insight into what the projects and commercial opportunities are and to provide knowledge of how to win and develop business in Iran."

Organisations giving their endorsement for the event include; the Association of Petroleum Industry Engineering and Construction Companies, the Society of Iranian Petroleum Industry Equipment Manufacturers, the Iran Industrial Equipment Manufacturers Association, the Iranian Oil, Gas and Petrochemical Products Exporters' Union, the Engineering and Construction Companies Association, the International Consultants and Contractors Association of Iran and the Association of Petrochemical Industry Corporation. Support also comes from the chamber of commerce.
