

# BeanPlus Cold Drip Brewer, the world's most hygienic coffee maker hits Indiegogo on July 25th

LOS ANGELES, CA, UNITED STATES, July 18, 2016 /EINPresswire.com/ -- What do Starbucks, Peet's, Blue Bottle, Dunkin Donuts, and Chik-Fil-A all have in common? Three words. Cold brew coffee. With this current craze rising as the standard alternative to iced coffee, [BeanPlus Cold Drip Brewer](#) is a perfect investment for coffee consumers looking to invest in an eco-friendly and easy-to-use cold brewer at home.

[BeanPlus](#) Cold Drip Brewer drips cold brew coffee at an adjustable drip rate through a patented drip valve to guarantee serious caffeine satisfaction for every user. The initial brew process takes 4 to 12 hours depending on desired coffee strength. During extraction, the ground coffee mixes with ice cold water in measured amounts to create a creamy concentrated coffee extract that lacks the acidity and dilution of regularly immersed coffee. The valve also includes a built-in water filter that prevents water blockage and ensures maximized quality of taste, making BeanPlus Cold Drip Brewer the world's most hygienic coffee maker.

The coffee maker equipment integrates a water tank, patented slow drip valve, coffee basket, and detachable glass server. The seamless design enables air circulation within the machine while preventing the entry of dust or changes in brew temperature. The machine can be easily detached for painless cleaning purposes and is also dishwasher safe.

The BeanPlus team consists of coffee aficionados who specialize in combining creative coffee products with unmatched technological innovation. They have already successfully manufactured and developed the Drip Coffee Maker product overseas and plan to launch the upgraded version of the product in the United States market through crowdfunding.

The Indiegogo campaign for BeanPlus Cold Drip Brewer begins on July 25th for 40 days with a goal of raising \$30,000. Earliest contributors to the campaign will receive a significant discount of 50% off the retail price. For more information prior to the campaign launch, please visit <http://beanplus.co>
