

Pango Financial Releases New Industry Report for Vetpreneurs

Small business and franchise funding provider highlights financial resources for veterans

WILMINGTON, DELAWARE , UNITED STATES, July 19, 2016

/EINPresswire.com/ -- As part of its growing financial guidance outreach, [Pango Financial](#) has developed a new industry report that provides business funding resources to hopeful veteran entrepreneurs.

“Veterans make a significant contribution to business creation and job growth in the U.S. economy, and we look to be an important resource to that continued progress,” Candice Caruso, president of Pango Financial said. “We’re seeing this movement within the private and public sectors to make sure veteran entrepreneurs have the tools they need to start a business, and Pango Financial is here to help facilitate and guide those veterans to their futures.”

The industry report, which is available on [pangofinancial.com](#), provides market research about veteran-owned businesses, information about government assistance programs like Boots to Business and Veteran Business Outreach Centers, as well as specific

business funding options provided by Pango Financial, which includes a retirement rollover for business startups.

Pango’s [DreamSpark plan](#) offers vetpreneurs low setup and maintenance costs — some of the lowest in the industry — plus additional discounts for set-up fees. Through the DreamSpark plan, Pango also provides free incorporation and a registered agent and free certified business valuation, all on an easy-to-use online platform.

“

Veterans make a significant contribution to business

Candice Caruso, President of Pango Financial

“There’s no question that starting a business can be difficult,” Caruso said. “At Pango Financial, we make sure that our clients, veteran and non-veteran, understand the process and have support the entire way through. Small business is nearly 90 percent of the U.S. business economy. We need to make sure those individuals are getting the guidance they need.”
