

Global Air Filter Market 2016 Analysis and Forecast to 2020

Air Filter Market to Grow at a 5.6% CAGR Forecast to 2020

PUNE, INDIA, July 20, 2016 /EINPresswire.com/ -- About [Air Filter](#)

Air filters are used to filter the incoming air by trapping particulates such as dust, pollen, mold, smoke, debris, and bacteria from the air. They find use in a wide range of applications in which air quality is crucial. Energy, automotive, mining, and cement industries are the major sectors where air filters are extensively used.

Research analysts forecast the global air filter market to grow at a CAGR of 5.6% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global air filter market for 2016-2020. To calculate the market size, the report considers the demand of air filters from various end-user applications.

The market is divided into the following segments based on geography:

- Americas
- APAC
- EMEA

Technavio's report, Global Air Filter Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Cummins
- Clarcor
- Daikin
- Camfil

- Donaldson
- Mann+Hummel

Other prominent vendors

- K&N engineering
- Flanders
- Dyna
- Delta Filtration
- Filtration Group
- Parker Hannifin
- Affinia Group
- 3M
- Sogefi

Market driver

- Role of air filters in improving IAQ
- For a full, detailed list, view our report

Market challenge

- Lack of awareness of end-users about replacing air filters
- For a full, detailed list, view our report

Market trend

- Growing concerns over IAQ in buildings
- For a full, detailed list, view our report

Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Table of content

PART 01: Executive summary

- Highlights

PART 02: Scope of the report

- Market overview
- Top-vendor offerings

PART 03: Market research methodology

- Research methodology
- Economic indicators

PART 04: Introduction

- Key market highlights

PART 05: Market landscape

- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Market segmentation by end-users

- Global air filter market by applications 2015-2020
- Global air filter market by HVAC applications
- Global air filter market by industrial applications
- Global air filter market by automotive applications

PART 07: Geographical segmentation

- Global air filter market by geographic segmentation 2015-2020
- Air filter market in APAC
- Air filter market in EMEA
- Air filter market in the Americas

PART 08: Key leading countries

- US
- China
- India

PART 09: Market drivers

- Recovery of automotive industry and evolution of new generation engines
- Stricter emission norms and regulations
- Role of air filters in improving IAQ
- Micro-CHP targets in Japan and European countries

PART 10: Impact of drivers

PART 11: Market challenges

- Lack of awareness of end-users about replacing air filters
- Operational issues and low availability of cost-effective air filters
- Growth in EV sales

PART 12: Impact of drivers and challenges

PART 13: Market trends

- Penetration of AMC and HEPA filters in microelectronics industry
- Growing concern over IAQ in buildings
- Rising sales of air pollution masks in Asia

PART 14: Vendor landscape

- Competitive landscape
- Other prominent vendors

PART 15: Key vendor analysis

- Camfil
- Clarcor
- Cummins
- Daikin Industries
- Donaldson

• MANN+HUMMEL
PART 16: Appendix
