PUNE, INDIA, July 25, 2016 /EINPresswire.com/ -- Analysts forecast the Global [Baby Car Seat Market](#) to grow at a CAGR of 4.96% by revenue during the period 2016-2020.

Summary

Baby Car Seat Industry

Baby car seats ensure the safety of babies during travel in cars, and are used mandatorily in a number of developed countries. These products are available in different varieties depending on the weight and age of babies.

The safety car seats include foam padding, fabric covers, and a harness, and should be installed properly in cars to protect a baby's head from jerking forward during sudden braking or an accident. The products are not supposed to be used for more than six years and required to be periodically examined by manufacturers.
