DATACENTERS.COM LAUNCHES TECHNOLOGY MARKETPLACE

Announcing the launch of Technology Marketplace, an eCommerce platform helping IT professionals to quote, shop, and compare products from multiple providers.

ENGLEWOOD, COLORADO, UNITED STATES, July 22, 2016 /EINPresswire.com/ -- Datacenters.com announces the launch of the Technology Marketplace, an eCommerce platform that empowers users to request quotes, shop, and compare product offerings from multiple B2B technology providers. It is the only website that empowers IT

Introducing the new Datacenters.com and launch of Technology Marketplace

professionals (CIOs, CTOs, and IT Directors and Admins) to build, customize, and purchase technology solutions with the click of a button.

Key Facts:

- 49 leading B2B technology providers spanning data centers, cloud providers, ISPs, telecom carriers, cyber-security and IT consulting firms.
- 240 product and service offerings, organized into seven categories including: colocation, cloud, security, network, internet, voice, and consulting services.
- In-house expertise to assist in answering user questions relating to solution engineering, cloud migration, cloud architecture, technology assessments and audits.
- Helps users spend time on strategy and building infrastructure rather than visiting multiple websites, researching solutions, contacting sales and requesting pricing.

Key Quotes:

"It's evident that the industry is changing and disruptive technologies such as cloud computing, software defined networks and next generation Internet is changing the IT landscape."
- Joel St.Germain, CEO of GCG/Datacenters.com

"Customers expect on-demand, self-managed service, and utility pricing and our mission is to help facilitate this through the Technology Marketplace."
- Joel St.Germain, CEO of GCG/Datacenters.com

About Datacenters.com:

Founded in 2008, Datacenters.com is the world's leading resource for accurate, detailed and up-to-date information on data center companies, facilities and locations globally. With the Technology

Marketplace, Datacenters.com empowers IT professionals to request quotes, shop online, and compare products and services from multiple B2B technology providers with the click of a button. For more information, visit Datacenters.com and connect with us on social media.
