

Mobile Workforce Solution 2016 World Market Opportunities and Forecasts to 2020

WiseGuyReports.com adds "Mobile Workforce Solution 2016 World Market Opportunities and Forecasts to 2020" reports to its database.

PUNE, INDIA, July 26, 2016 /EINPresswire.com/ -- COMPLETE REPORT DETAILS @ <https://www.wiseguyreports.com/reports/198203-global-mobile-workforce-solution-market2015-2019>

The mobile workforce population is predicted to reach over 1.2 billion worldwide by the end of next year, representing close to 36% of the total workforce. Technavio's market research analysts predict a manifold increase in the adoption of mobile workforce solutions market with a market growth rate of over 28% until 2019.

The rise in mobile workforce poses a challenge for companies to manage and streamline the company workflow. The market demand for mobile workforce solutions will encourage service providers to make competitive software offerings catering to many different industries over the forecast period. Emerging economies in the APAC region such as India, China, and Singapore will continue to witness a higher prevalence of the mobile workforce while America is likely to see a slower growth during the same period.

Market segmentation of mobile workforce solutions by end user

- BFSI
- Communication
- Logistics
- Utilities
- Manufacturing
- Media
- Others

BFSI, utilities, and the communications sector are witnessing a high adoption of mobile device management and mobile workforce solutions. BFSI is predicted to account for a significant market share during the forecast period due to the high demand for mobility in the insurance sector.

Segregation and market shares of the global mobile workforce solutions market by geography

- Americas
- EMEA
- APAC

EMEA accounted for close to 33% of the global mobile workforce market in 2014. Mobile workforce applications are predicted to gain significant traction among Middle East countries, as per the forecast. Enterprises in the Middle East are keen to adopt mobility services as a key business strategy to increase their overall productivity. Some of the countries such as Saudi Arabia, the UAE, and Qatar are the leading contributors of this market.

Vendor landscape of the global mobile workforce solutions market

- ClickSoftware
- IFS
- Oracle
- SAP
- ServiceMax
- Verizon

The leading market vendors are expected to focus more on launching mobile-self-service applications in the years to come. It signifies a new technique of workforce management. For instance, a smartphone based mobile workforce application could give employees direct access to their HR data, and let them clock in or out remotely. Similar application areas are expected to emerge as an attractive opportunity for market vendors over the next four years.

Other prominent vendors in the market include Actsoft, ADP, Airclic, Aricent, AT&T, Bell Mobility, FeedHenry, MobiWork, Pegasystems, ProntoForms, ServicePower, Sprint, TeleCommunications System, Telenav, Telus International, Trimble, Vox Mobile, WorkForce Software, and Zebra Technologies.
